NEW, RARE AND BEAUTIFUL
PLANTS,

FOR THE SPRING OF 1890,

CULTIVATED AND FOR SALE BY

JOHN SAUL,

Nurseryman, Seed Grower and Florist,

→ Importer and Exporter of Plants to and from all Parts of the World. ←

WASHINGTON CITY, D. C.

Seed and Floral Store—621 Seventh St., Opp. U. S. Patent Office.
Nurseries and Greenhouses—On Brightwood Avenue
(Seventh Street Road.)

BALTIMORE:
JOHN MURPHY & CO.

1890.

NOTICE.

For many years I have been engaged collecting all the really good and rare plants—Anthuriums, Alocacias, Dracænas, Crotons, &c., and other fine foliage plants are largely grown. To these have been annually added all novelties of merit as they appear. The collection at this time of fine Greenhouse and Hothouse plants is one of the richest in the United States.

The prices at which some of the new plants are offered, may appear high to persons unacquainted with the importation of these articles. For such I have to pay high prices in Europe, adding freight, risks, &c., to justify which when first offered, the price should be proportionate—though I make it at the lowest possible rates, and as stock increases the price is reduced. Older and standard varieties are offered at my usual very moderate rates.

The description of the new plants are those of the parties who sent them out.

When selections are left to me, the very finest varieties will be sent, and the most vigorous plants.

After over thirty years' experience in packing and forwarding plants to distant countries, I flatter myself I can pack both economically and safely for any distance.

No charge is made for boxing or packing.

Plants, Bulbs, &c., at the single rate, will be mailed free; but when ordered by the dozen or hundred, the single price or a sufficient amount must be remitted to cover postage. On their reception they should be potted and placed in a frame or greenhouse to recover the effects of the journey. To Florists and Nurserymen who wish new plants, the mail offers the greatest facility for obtaining such, as they know how to care for them on their arrival. Amateurs who have no means of caring for plants after a journey through the mail, as well as all persons requiring a considerable quantity of plants of a larger size, had better have their orders by express. If left to me I will forward in such a way as I deem best for the purchaser.

In all orders by express, good plants are added in proportion to the value of the order or distance. Persons getting up clubs will be liberally rewarded with choice plants in proportion to the amount remitted.

Orders intended for mailing should be accompanied with a remittance; not less than \$1.00 worth sent in each order.

I decline sending goods long distances C. O. D.

In making out orders, keep plants and seeds separate—it saves us much time at our busy season.

Write your name plainly; give post-office, county and State, whenever you write, no matter how frequently.

In all letters of inquiry, it is well to leave a blank space between each question for an answer; this facilitates a reply in the busy season, when my correspondence is very heavy.

Please use the order sheet, or in a list apart from the body of the letter. This much facilitates business and prevents errors. In making out orders please affix prices, that I may know the size of plants required.

Customers who fail to receive a catalogue in due time, will please inform us of the same, that a copy may be sent, as catalogues are frequently lost in the mails.

This catalogue annuls prices in all former issues.

JOHN SAUL.

January, 1890.

CATALOGUE

— O F —

NEW, RARE AND BEAUTIFUL PLANTS.

NEW REGAL PELARGONIUMS.

This name is applied to that magnificent group of Pelargoniums the flowers of which are of large size, very rich and showy; a few are double, and although the others are not really double, yet from their fulness of form and the extra number of petals, they have the appearance of being so.

	Each.		Each.
*Pelargonium, Alexandre de Napadiewicz, a fine flower of a salmon-carmine color, margined with white; upper petals blotched with maroon; large white centre.....	40	*Pelargonium, Miss Lily Cannell, a very pretty flower; crimson-scarlet petals shaded with rosy purple and edged with white, light centre.....	40
Beauty of Oxtou, the upper petals are of a very rich maroon, darkly blotched; under petals very dark crimson, shaded with maroon; light centre; all the petals margined with white and beautifully fringed.....	50	Madame Evard, a most distinct variety; the flowers are very full, with beautiful crispy petals of an exceedingly bright purplish crimson color, richly spotted with dark maroon.....	40
*Carnaval, a grand flower, white, picoteed with carmine, black blotches with enormous trusses,.....	40	*Mad. Pape-Carpantier, a very beautiful white flower of fine habit and free flowering; semi-double.....	40
*Cascade, pure white striped; a beautiful double flower.....	40	Madame Thibaut, white, richly blotched and marbled with rose; the upper petals marked with crimson-maroon; large white centre; immense trusses of very large, fine flowers, with undulated petals.....	40
*Denise, a large and very beautiful double white flower; very fine.....	40	Maid of Kent, an attractive variety of neat dwarf habit and extremely free blooming; the flowers are pure white, with bright rose-colored spots on all the petals, which are beautifully undulated and fringed.....	40
Dr. Masters, a splendid variety. The trusses are large and in great profusion; it is semi-double, the upper petals having large black blotches in the centre, with a narrow margin of rich crimson, the lower petals having a smaller blotch.....	40	*Prince of Teck, rich, deep crimson, shaded with violet; upper petals blotched and feathered with dark, blackish maroon; centre shaded with violet.....	40
*Duchess of Albany, a profusion of fine trusses of beautifully fringed flowers, of a soft purplish violet color, slightly shaded crimson and margined with lavender-rose; the upper petals blotched and feathered maroon.....	40	*Princess Beatrice, upper petals crimson-lake, blotched with maroon and margined with white, under petals bluish white; a large and full flower, the petals being beautifully undulated and fringed.....	40
Duchess of Bedford, one of the most useful. Its blossoms are of the purest white, prettily fringed, with a feathered spot of delicate rose in the upper petals.....	40	Princess of Wales, very handsome, with elegant frilled, petal margins, trusses large size, ground color pure bluish, each petal alike marked with a rich dark velvet crimson-scarlet margined blotch.....	40
*Duke of Albany, deep rich crimson maroon, margined with rosy lake; light centre surrounded with violet-rose shading; all the petals beautifully undulated and fringed; extremely showy and attractive.....	40	Queen Victoria, the flowers of this handsome variety have peculiarly crispy petals of a rich vermilion color, margined with pure white, the upper ones blotched with maroon; extremely attractive.....	50
Elegantissimum, a beautiful variety, with large, crispy, semi-double flowers, of a rich vermilion color, all the petals broadly margined with white.....	40	Rose et Blanche, large, grand flowers, white and rose, distinct and beautiful.....	40
Empress of India, white penciled with violet-rose, petals beautifully undulated and frilled; very beautiful.....	40	*Sultan, carmine-lake, the upper petals blotched with maroon; light centre, shaded with soft violet rose; all the petals slightly undulated; a very pretty flower.....	40
Guelphs et Gibelens, lavender shaded lilac flowers, much fringed, and spotted with deepest purple; a lovely variety.....	40	Theophrasta, a very beautiful Pelargonium, flowers double crimson, freely produced; a very desirable variety.....	40
*George Sand, very beautiful, semi-double flowers, in large umbels; porcelain white.....	50	*Volonte Nationale Album, a sport from the well-known favorite <i>Volonte Nationale</i> , with large and beautifully fringed flowers of the purest white.....	40
Gloire du Tours, flowers of a bright vermilion, with light centre and edges; upper petals blotched with blackish maroon.....	50	Ville de Caen, a very novel variety, of a scarlet-maroon color; very large pips.....	40
*Karl Klein, a splendid variety, producing very bright red flowers, darkly spotted; extremely showy.....	40		
Mad. Bouchariat, a variety with truly semi-double white flowers; a chaste and handsome flower.....	40		

PELARGONIUMS.—New Varieties, Fringed, Striped, and Show Flowers.

Pelargonium, Adventurer, maroon spot on top petals; narrow rose edge, rose lower petals, white centre; large and fine form.	Pelargonium, Amazone, large, beautiful form; color rich carmine, with a white centre; a showy and lovely flower.
---	--

Pelargonium, Arbaces, a very attractive flower of a bright rosy-purple color, with light margin; the upper petals blotched and feathered with dark crimson.

Belle de Jour (Lem.), this beautiful Pelargonium has flowers of the purest white, semi-double, produced on stiff, erect stems most profusely, fine habit. A grand plant.

Bizarre, beautiful rose, carmine striped with white, upper petals spotted, beautiful form.

Cymba, upper petals dark crimson, surrounded with bright crimson and edged with rose; under petals rose, blotched and feathered with crimson; light centre; a fine, large, well-formed flower.

De Brazza, carmine-rose, white centre, deep maroon blotch; very fine.

Deuil de Victor Hugo, Upper petals violet, dark maroon blotch, lower violet fine.

Digby Grand, white, dark blotch, fringed, extra.

Edmond About, rich crimson; centre white, veined with purple; rich purple blotch; a grand flower.

Edward Perkins, rich scarlet, deep blotch; an exceedingly vivid and beautiful flower.

Feu d'Artifice, rosy-carmine, striped with white, upper petals striped maroon and carmine.

Figaro, carmine-rose, striped with white, upper petals striped dark purple.

Flambeau, rich light crimson; maroon blotch in upper petals, shaded with scarlet; a most effective variety.

Genl. de Negrier, beautiful violet, red, deep purple, maroon blotch. A lovely flower.

Gidour, upper petals deep maroon, surrounded with fiery crimson, and margined with deep rose; under petals bright rosy-pink, spotted with dark crimson; a splendid flower.

Improved Prince Charles, a beautiful salmon; large and dark maroon blotch; a lovely flower.

Improved Triomphe de St. Maude, very vigorous, with large trusses of rich crimson flowers, dark blotch; a fine market variety.

Jessica, upper petals dark maroon, surrounded with crimson and margined with rose; under petals rosy-pink, spotted dark crimson.

Jordaens, a rich rose-carmine, bordered with white, white centre; maroon blotches; a beautiful variety.

Jules Ferry, enormous trusses; deep crimson, with rosy-white centre, blotches black. A beautiful variety.

Jules Jacquemart (Lem.), truss enormous, with large, finely-formed flowers, color a lovely bright vermillion, with a delicate centre; petals nicely undulated, and profuse bloomer.

Laurette, upper petals bright crimson, blotched with blackish-maroon and edged with pale rose; under petals soft-rose; light centre; a splendid variety.

Lessee, a magnificent flower of a bright fiery crimson color, the upper petals blotched with dark crimson; petals slightly edged rose; light centre.

Le Tonkin, rosy-carmine, pure white centre, deep purple blotch, a large magnificent flower.

Lucie Lemoine, a chaste and beautiful new flower, grand umbels of purest white, perfect form and shape; fine, compact, vigorous habit.

Lucullus, fiery crimson; upper petals blotched with blackish-maroon; under petals spotted crimson maroon; light centre.

La Nation, a very beautiful white flower, fine habit, free bloomer.

Madame Gustave Henri (Lem.), rosy-carmine, with a white centre, deep purple blotch; large umbels, neat compact habit and free bloomer. A very lovely flower.

Mad. Harmant, beautiful trusses of pure white flowers.

Madelina, upper petals blotched with maroon, surrounded with fiery crimson and edged with bright rose; under petals rosy-lake; pure white centre; a fine flower.

Malcom, upper petals rosy-pink, blotched with maroon; under petals soft rosy-pink, spotted with deep crimson.

Mignonette, a charming flower with frilled petals, centre white, with maroon blotch, fine habit and free bloomer.

Morven, a white flower, the upper petals marked with a small blotch of bright rosy-purple, a few small purple dots being scattered irregularly over the flower.

Pelargonium, Miss Teresa M. Saul (Saul), in habit similar to our two preceding, and of free growth and profuse bloomer; beautiful trusses; upper petals orange-vermilion, with dark blotch; lower petals lighter shade, centre white.

Mrs. John Saul (colored plate in 1878), this beautiful flower, which originated in our establishment, we consider one of the very best in cultivation. The habit is compact and very free flowering, producing large trusses of charming flowers. The color is a rich glowing vermillion, with light centre and light margin to the petals.

Mrs. Potten, this is a charming variety; habit good and compact, trusses large, finely formed; color purest white, with very dark blotches.

Nabob, fiery crimson; upper petals shaded with dark crimson, and blotched with fiery maroon; light centre.

Neptune, rich scarlet, fine black spot; fine quality and free.

Ouida (Lem.), a beautifully formed flower with undulated petals; white, slightly striped with violet in the centre; very chaste and lovely.

Panorama, violet, dark blotch.

Pavillon, magnificent large flowers, centre white, upper petals carmine-cerise, deep maroon blotch.

Peerless, the upper petals blackish-maroon, surrounded with fiery crimson; under petals rich crimson, with maroon spot.

***Pension**, deep rich crimson; the upper petals marked with velvety-maroon; large light centre; a fine flower.

Pere Seraphin, fine rose, blotched with cerise; perpetual bloomer.

Petrarque et Laure (Lem.), color lilac-mauve, beautifully veined, white centre, upper petals marked with maroon; large, beautifully-formed; trusses freely produced. Very distinct and fine.

Prince of Teck (Lem.), rich crimson, tinted with violet, petals veined and spotted with maroon; large umbels, compact habit and profuse bloomer. A very beautiful variety.

Roi des Noirs, very dark and rich. An exceedingly distinct and beautiful flower.

Romeo et Juliette, rose ground, striped and spotted with orange and carmine; a showy and beautiful flower.

Rosca-Mutabilis.

Royalty, vigorous, compact habit, trusses and flowers immense; flowers pure white, beautifully feathered with mauve; a very fine variety.

Rustic, a fine flower; upper petals rich crimson, shaded maroon; under petals rich crimson; light centre, shaded with violet.

Sabine, upper petals dark crimson-maroon, edged with bright crimson; under petals rosy-crimson, blotched with maroon.

Sister of Mercy, rich crimson, with a deep maroon blotch. A lovely flower.

Scribe, habit free and compact; large umbels of finely formed flowers; color violet-maroon, bordered with white, lower petals edged with violet.

Splendent, upper petals maroon, surrounded with scarlet and edged with pink; under petals salmon-rose; white centre.

Telamon, upper petals blackish-maroon, margined with fiery crimson; under petals light red, slightly shaded with orange and spotted with dark maroon; a very fine flower.

Triomphe de St. Maude (Improved), vigorous with large trusses of rich crimson flowers, dark blotch; a fine market variety.

Ukrian, upper petals bright crimson, blotched with maroon and edged with white; under petals deep rose, edged with white; white centre, shaded with violet, the petals slightly fringed.

Venus de Milo, fine habit, flowers pure white, magnificent.

Whigs et Tories (Lem.), brilliant carmine blotched with maroon, centre white, trusses immense; free vigorous habit and free bloomer. An attractive and beautiful flower.

Wm. Pfitzer, rich crimson, with very dark blotch; centre white; beautiful.

Waldeck-Rousseau, white centre, petals carmine-violet, large fine trusses; beautiful.

Zenith, rosy-carmine; white centre; a lovely flower.

DECORATIVE PELARGONIUMS.

The varieties here offered are largely grown for Covent Garden Market, London.

Pelargonium, F. A. Dickson, upper petals bright cherry; lower pink; profuse bloomer; a very fine variety.

Charles Dickens.

Lady Isabel, a beautiful mauve, with puce spots all round.

Mabel, dark maroon top, narrow edge, a heavily painted flower, fine free habit and bloomer.

Miss Maller, a fine white feathered lilac, dwarf and free.

Pelargonium, Mrs. H. Buck.

Mermeris, free, but compact habit, an early and profuse bloomer, rosy crimson, light centre, purple blotch; fine pot plant.

Miss Weatherill, rosy crimson, suffused with orange, white centre, small blotch, beautiful pure white; fine free bloomer.

Scarlet Gem, very bright crimson-scarlet, with light margin; fine free habit; early and profuse bloomer.

Price 30 cents each; \$3 per dozen.

M. Octave Deluc , immense trusses, brilliant orange-red; one of the finest bedders.....	30		

NEW PLANTS.

TECOMA MACKENII.—(Rosea.)

A remarkably handsome plant from South Africa. It has opposite pinnate leaves, and bears magnificent racemes, three to four feet in length, of large, showy, trumpet-shaped flowers, which are of a rosy lilac color. This beautiful plant can scarcely be too strongly recommended as a handsome, showy climber. \$1.00 each.

*TECOMA AMBOINENSIS.

A handsome free-flowering climber from the Island of Amboina. Leaves are impari-pinnate with the leaflets generally in pairs. The flowers are produced in racemes from the axils of the leaves, the orange-red corolla tube being from three to four inches long. \$1.50 each.

*ARALIA NOBILIS.

A very beautiful new species, with large entire leaves. A noble decorative plant. \$1.50 each.

NEW HYDRANGEAS.

	Each.		Each.
*Hydrangea, Pekinensis , a new and beautiful Hydrangea from Pekin, very distinct; will form a desirable addition to our shrubs as quite hardy.....	\$1 00	immense trusses, of the purest white, fringed, having a crimson spot in the centre.....	25
Stellata Fimbriata , the flowers are formed in		Hydrangea, Stellata Flora Pleno , a magnificent new Japanese variety, flower heads very large, double, of a bright pink.....	25

SPHERALCEA UMBELLATA TRICOLOR.

A plant similar to an Abutilon, with large woolly foliage, flowers in umbels, color reddish-purple, striped with white and rose. A very beautiful new plant. 50 cents.

CLERODENDRON DELECTUM.

A handsome new Clerodendron in the style of Balfouri; very free flowering, calyx white, corolla rose-magenta. 50 cents.

*BEAUMONTEA GRANDIFLORA.

An old but beautiful plant. Each flower six inches in length by four inches across the corolla; the tube of the flower is yellowish-green outside; upper part of the corolla pure white. They are produced in crowded clusters. The leaves are a foot in length by four inches broad, of a shining deep green. A noble tropical climber. 75 cents.

*** MUSA COCCINEA.**

A rare and good old plant, of dwarf habit. A free bloomer; flowers scarlet. \$1.50 each.

ABYSSINIAN BANANA (Musa Ensete.)

A magnificent plant for bedding out. The immense foliage is fully six feet long. Succeeds in any sheltered situation.

*** NEW BOUVARDIAS.**

	Each.		Each.
* <i>Bouvardia</i> , Etna, a fine double flower; rich vermillion.....	50	<i>Bouvardia</i> , President Cleveland, this far surpasses in richness all others of the genus, the color being rich velvety-scarlet. Few scarlet Geraniums are brighter than this.....	25
* <i>Flavescens flora pleno</i> , double flowers of sulphur-yellow.....	50		
* <i>Lutea flora pleno</i> , flowers double; a pale yellow, passing to white; a very fine variety.....	50		
The three new double ready in April.			

*** PHILODENDRON ANDREANUM.**

A striking Aroid, discovered by M. André, of Paris, in New Grenada; it is by far the finest species of Philodendron for decorative purposes ever brought under cultivation. Its stately foliage when fully developed may be compared, for size and effectiveness, with that of *Anthurium Veitchii* and *A. Warocqueanum*.

The cordiform-lanceolate leaves are deflected vertically from a robust, erect foot-stalk, and attain a length of four to five feet. When first expanded on the young plant, they are of a decided scarlet tinge shaded with brown, when a little older they become a bronzy red-brown before finally changing to the normal bright velvety-green of the mature leaves. Through all these changes, the colors are relieved and enhanced by the white midrib and nerves that branch from it. \$1.50 each.

*** SCHUBERTIA GRANDIFLORA.**

A new plant of great merit, destined to take a prominent position as one of the best novelties introduced for many years. It flowers profusely in clusters, shape of the Allamanda, pure white, deliciously scented, and lasting a long time in water; flowers large and of good substance. For cut blooms and decorative purposes it is unique; the culture most simple in the ordinary greenhouse. \$1.50 each.

NEW APHELANDRAS.

	Each.		Each.
* <i>Aphelandra</i> , Chrysops, one of the most handsome species yet introduced, producing a grand golden inflorescence a foot in length, composed of four rows of compound ovate pointed bracts, proceeding from which are its flowers, which are of the same bright yellow color. To add to its beauty, this plant has also striking variegated leaves, thus combining two attractive qualities, and rendering it one of the most desirable of ornamental plants. The leaves are of a motley green, the variegation consisting of the principal veins being of a creamy white color.....	1 00	orange-scarlet, borne in dense terminal racemes, rendering it one of the finest and most attractive winter-flowering plants.....	50
<i>Aurantiaca Roezlii</i> , a beautiful stove Acanthad, of dwarf compact habit, bearing oblong-lanceolate leaves, rich green in color, shaded with metallic white; the flowers are bright		<i>Aphelandra</i> , <i>Margaritæ</i> , a beautiful plant of dwarf habit, leaves lanceolate-acute, dark green with a stripe of white along the course of the veins, dark rosy-purple beneath, flower spikes short, flowers brilliant orange vermillion.....	1 00
		<i>Fascinator</i> , a very fine species, with very ornamental foliage as well as magnificent flowers; the leaves are green, beautifully banded with silvery white, and underneath of a uniform purplish velvet; the spikes are very large and of a dazzling vermillion color.....	40

*** REINWARDTIA TETRAGYNE.**

A very beautiful greenhouse plant, with golden-yellow flowers, which are produced freely during winter. It is similar to that good plant *Linum Trigynum*. 50 cents.

MYRICA RUBRA—New Japanese Fruit.

This evergreen fruit-bearing tree is indigenous to Japan. It is a native of the southern parts, attains a height of forty to fifty feet. The foliage, which is evergreen, resembles the magnolias, and is of a firm, leathery texture. The fruit blossom appears early in spring, and the fruit ripens during the month of July. It resembles in shape a firm blackberry, an inch long; by three-fourths of an inch in diameter. It contains a single seed-stone of light weight. There are two varieties of this fruit. The one is a dark red, almost black, the other a light rose, which is superior even in flavor to the dark. The fruit is highly flavored, vinous and sweet, and answers all purposes our blackberry is put to. It is delicious as a dessert fruit, makes a fine preserve, jelly or jam. The juice extracted from it may be taken as a refreshing beverage in its fresh state, and after being allowed to ferment produces a fine wine. Ready in April. 50 cts. each.

ERANTHEMUM MACROPHYLLUM.

A very desirable winter-flowering stove plant. Its pretty light blue flowers are borne in terminal and axillary spikes. The lower petal or lip extends horizontally and is of a deep bright blue, forming a pleasing contrast to the celestial blue of the upper petals. Blooming as it does in the winter, when flowers are so scarce, this will be found a welcome addition to our stoves. It is very free flowering, and of good habit. 25 cents.

***ALOCASIA SANDERIANA.**

A remarkably handsome and truly grand Arad, and one of the finest stove plants. It has erect petioles, which are brownish-green and striately mottled; on the young leaves the color is bright glossy green, and on the older leaves the surface has a metallic blue reflection. The leaf-blade is arrow-shaped, the front portion with about three triangular lobes on each side, the basal portion with one or two smaller lobes; the thick costa and the stout cross veins are white, conspicuously bordered with ivory-white, the margins also being white. This is certainly the most beautiful of all the Alocasias, and a most magnificent foliage plant. \$2.50 each.

ARISTOLOCHIA ELEGANS.

A beautiful free-flowering species of neat growth, imported from Brazil. The handsome and elegant flowers are borne on long stalks and have a slightly distended tube, which is suddenly bent upwards into a cordate cup-shaped limb of a rich dark purple, ornamented throughout with irregular branched markings of a creamy-white, and having a golden-yellow eye surrounded by rich velvety-purple. Its blossoms are produced in the richest profusion, even on small plants, and are entirely free from the objectionable odor peculiar to the genus. 40 cents.

***ARISTOLOCHIA RIDICULA.**

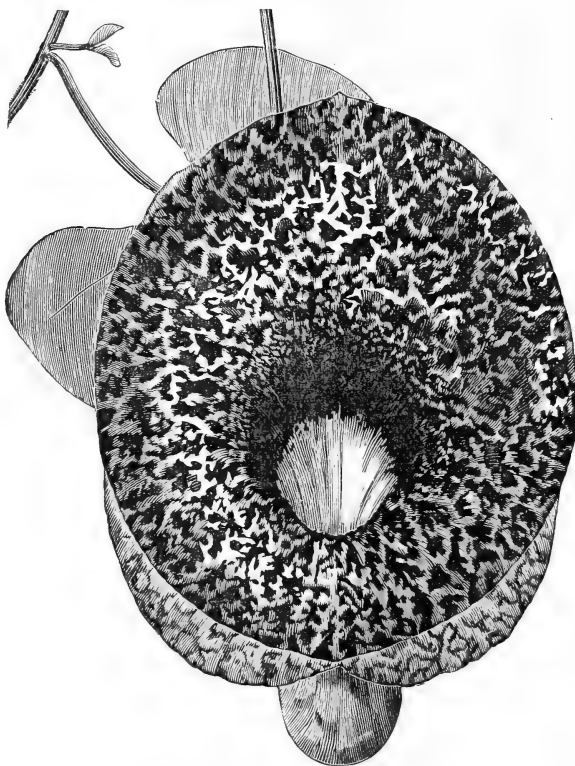

A very remarkable and most interesting new species. The tube of the flower is from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches long, abruptly contracted and then bent upon itself. The entire limb is of a tawny color, closely covered with dark purple reticulations on a cream colored ground; the lobes are dark with light reticulations, and are sparsely covered with brown hairs. The entire plant is covered with hair. \$1.50.

***AMASONIA PUNICEA.**

"The inflorescence is very brilliant, being particularly striking from having a series of the richest vermilion-crimson Poinsettia-like bracts, the lowermost of which are four inches long, are very persistent, remaining in perfection two months. From the base of each bract are produced pendulous flowers, in twos and threes of a creamy-white color. \$1.00.

PLUMBAGO CAPENSIS ALBA.

A pure white variety of the beautiful P. Capensis, equally free in growth and profusion of flower. 25 cents each.

**ARISTOLOCHIA ELEGANS.*****NEW PASSIFLORAS.**

	Each.
* <i>Passiflora Acerifolia</i> , maple leaved, a new and beautiful <i>Passiflora</i>	30
<i>Constance Elliott</i> , pure ivory-white flowers, without a trace of the blush tinge peculiar to the type; inner surface of the sepals and petals is white; the coronal threads being ivory-white, tinged with yellow, hardy.....	20
* <i>Eynsford Gem</i> , ground color of flowers red, shaded rose, very showy and free flowerer, most valuable for festooning purposes, the foliage varies remarkably free from insects, a desirable variety.....	1 00
* <i>Prof. Eichler</i> , a hybrid between <i>Loudonii</i> and <i>Princeps</i> , bright scarlet.....	50

	Each.
* <i>Passiflora Hahnii</i> , this is a very distinct and beautiful variety of <i>Passion-flower</i> . It is a native of Mexico and is a free growing, temperate stove-climber. The flowers are about three inches across, of a creamy white, with a yellowish corona, and are produced in great profusion.....	50
* <i>Tacsonia Jamesonii</i> , flowers of a rich rose, a distinct and very beautiful <i>Passion-flower</i>	50
* <i>Parritæ</i> , flowers rich orange, sepals rosy orange; very distinct.....	50
<i>Violacea</i> , a very beautiful new <i>Passion-flower</i> , flowers of a lovely violet-blue, filaments white, anthers yellow, free flowering and fragrant....	30

ASTILBA THUNBERGII.

A new hardy perennial from Japan; produces during summer long panicles of pure white flowers in great profusion. 50 cents each.

***IPOMŒA THOMSONIANA.**

A beautiful new species, in habit much resembling the well-known *I. Horsfallæ*. The flowers, however, which are borne in clusters, are pure white and much larger, being about three inches in diameter at the mouth. It has thick fleshy leaves, and from its free blooming character cannot fail to become one of the most popular and useful of stove-house climbers. Flowers profusely during winter. \$1.00.

SPIRÆA ASTILBOIDES.

One of the most handsome of hardy herbaceous perennials, which has been certificated both by the Royal Horticultural and Royal Botanic Societies on account of its great merit. The stems grow from two to three feet high, and are terminated by compound feathery branches of elegant white flowers. It is a charming plant on account of its free growth and beautiful flowers, which are produced in the greatest profusion. 75 cents.

***IBERIS SEMPERVIRENS PLENO.**

There can be nothing prettier than the double white Candytuft for edging, beds, borders, rockworks, &c., and it is of particular value to the Florist. The flowers form a close bouquet of the purest white, and cover the dwarf, compact and beautifully rounded bush. The plant is well adapted for pot-culture, but its beauty will be more perfectly developed if planted out in the garden. The flowers appear in great profusion from April until June. 25 cents.

***NEW ANTHURIUMS.**

- | | Each. | | Each. |
|---|-------------------------|--|-------------------------|
| * Anthurium, Andreanum , the flower-spathe, which are borne well above the foliage, are heart-shaped and of a most brilliant scarlet color, the surface irregularly corrugated and traversed by deep sinuous veins, the spadixes ivory-white at the base and greenish-yellow at the tip. It is an extremely attractive plant, and the individual flowers remain in perfection about three months, thus rendering it highly valuable for exhibition. | 2 50 | Anthurium, Regale , this is a superb ornamental foliage plant. There are several varieties of this plant. The one now offered is the finest; the leaves are heart-shaped, much lengthened out towards the apex, and rich dark velvety-green in centre | \$1 00 to 2 00 |
| * Carneum , a handsome and attractive new hybrid, between <i>Anthurium Ornatum</i> and <i>A. Andreanum</i> . The spathe is heart-shaped, from six to seven inches long and five to six inches broad, and is of a charming rosy-carmine color. Of vigorous growth this splendid variety freely produces its grand flowers, each spathe remaining in beauty several months, thus rendering it of the greatest value for decorative purposes | 5 00 | * Scherzerianum , one of the most striking and beautiful dwarf-flowering stove plants of recent introduction, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom. This charming and novel plant is easy of culture, and a most abundant bloomer | \$1 00 to 2 00 |
| Crystallinum , the emerald green refulgent leaves are spotted all over with a brighter shade, and bordered by a broad silvery or rather crystal band, which surrounds the intramarginal and four secondary nerves. These dazzling white zones are so distinct and regular that they resemble a border of incrustated silver around the sections of the blade of the leaf | 50 cts., \$1 00 to 2 50 | * Veitchii rubra , an extremely handsome hybrid, between <i>A. Veitchii</i> and <i>A. Andreanum</i> , with leaves resembling those of the first named. The spathe is about five inches long by three and a half inches broad, of an intense shining rich crimson. The spadix is about two-thirds the length of the spathe, the basal part white. From the free manner in which the beautiful spathe are produced and the long time which they last in perfection, combined with the ornamental character of the foliage, this handsome hybrid is a most desirable acquisition. | 5 00 |
| * Ferriense , a splendid hybrid obtained from <i>A. Ornatum</i> and <i>A. Andreanum</i> . The scape is stout and erect, attaining a length of twenty-four to thirty inches. The spathe, which is remarkably showy and attractive, is of cordate form five to six inches across, of a bright rosy-carmine, without any of the reticulated corrugations characteristic of <i>A. Andreanum</i> . The spadix is about five inches long, ivory-white to two-thirds of its length, with the upper third fawn color | 2 50 | * Veitchii , a very handsome Aroid. The leaves are ovate-oblong, greatly elongated, attaining lengths of from 2 to 3 feet, with a breadth of less than one-third of these dimensions; with a glossy metallic surface when first expanded, becoming paler by age. The principal nerves are arched and deeply sunk, giving the surface a conspicuously waved appearance. As an exhibition or decorative plant it will always take a very high position | \$1 00 to 2 50 |
| Floribundum , a very pretty species, of easy culture. Flowers pure white, freely produced | 50 cts to 1 00 | Warocqueanum , a remarkable Aroid. The leaves are greatly elongated, attaining lengths of from 24 to 30 inches, with a breadth of not more than 7 or 8 inches. The ground color is a deep green of a very rich hue, with a velvety lustre and appearance, with which the light color of the midrib and veins form a pleasing contrast. To the lovers of fine foliage plants this beautiful Anthurium will be a most welcome acquisition | 50 cts., \$1 00 to 2 50 |
| Magnificum , the foliage of this plant is truly magnificent, a noble species with large velvety-green leaves and broad silver veins | 50 cts. to 1 00 | | |

NEW YUCCAS.

- | | | |
|--|---|----------------|
| * Yucca, Filamentosa Aureo-Variegata , this is one of the most ornamental of Yuccas with colored foliage yet introduced. It is distinguished from the normal form by the middle portion of the leaves being marked with bright yellow longitudinal bands. It will prove a | valuable addition to the list of foliage plants for the decoration of the conservatory and greenhouse | \$1 50 to 2 50 |
| | * Yucca, Pendula Variegata , a very handsome variegated Yucca of free growth, quite hardy | \$1 00 to 1 50 |

MEDINILLA CURTISII.

A beautiful Stove plant of bushy habit. The flowers are produced in great numbers in terminal and lateral panicked cymes on flower-stalks of a beautiful coral-red. Each flower is about half an inch in diameter, and has an ivory-white calyx and a creamy-white corolla, which show to great advantage the central tuft of purple stamens. The neat and compact habit of the plant, the profusion with which its chaste flowers are produced, and which continue in perfection for many weeks in the autumn, render this one of the most valuable plants of recent introduction. 50 cents.

AGLAONEMA PICTUM.

This is a brilliant Aroid, with a fine rounded stem. The leaves vary in form, sometimes elliptical, oblong-lanceolate, are rounded at the base and almost suddenly acuminate at the top, from 4 to 7 inches long, and 2 to 3¼ in width; they are of a lovely deep velvety-green, beautifully mottled with large spots and irregular markings of a whitish-blue. The mid-rib is prominent and slightly channelled on the upper face. When it is in flower it is still more attractive. The spathe is remarkable for its curious pocket-like form. 50 cents.

CURCULIGO RECURVATA VARIEGATA.

A variegated variety of this exceedingly beautiful and graceful plant. 50 cents to \$1.00 each.

*SCHISMATOGLOTTIS LAVALLEEI.

"In announcing this lovely plant we are convinced that it will become popular among lovers of fine-foliaged plants. It may be distinguished at a glance from all other species in cultivation. The texture of the leaf is flexible, the mid-rib is slightly prominent on the upper surface, and of a beautiful bright green, on which are scattered numerous silvery white spots, producing a most pleasing effect." \$1.00.

DRACÆNAS.

Each.	Each.
* <i>Dracæna</i> , <i>Lindeni</i> , one of the most brilliant acquisitions recently made among fine foliaged plants. The stem is erect and simple, the leaves, which are deep green, are traversed by bands of creamy-white and yellow, handsomely variegated; a most distinct and striking variety. It is a plant which will gain a high reputation.....	* <i>Dracæna</i> , <i>Massangea</i> , centre of leaf pale yellow, green margin; a very superb and distinct variety. This superb plant, like <i>D. Lindeni</i> , will be extensively grown, as they are two of the most distinct and graceful of decorative plants.....
\$1.50 to 2 50	\$1.50 to 2 50

NEW BEGONIAS.

<i>Begonia Argentea guttata</i> , a cross between <i>Olbia</i> and <i>Alba-picta</i> . A handsome plant with rich green leaves spotted with silver, a beautiful <i>Begonia</i>	30	<i>Begonia</i> , <i>Mirabunda</i> , "one of the most beautiful of the new <i>Begonias</i> ; a cross between <i>Diadema</i> and <i>Rex</i> . It has large nicely shaded leaves of a rich clear green, marked with large silvery dots and splashes".....	40
<i>Albo-Picta</i> , a neat and pretty species, distinct in character: the leaves are glossy green, freely spotted with bright silvery white.....	25	<i>Manicata Aurea Maculata</i> , this very beautiful <i>Begonia</i> has its fine foliage blotched and spotted with yellow, similar to the well-known <i>Farfugium grande</i> , a grand foliage plant.....	30
<i>Assamica</i> , short pale green softly hairy leaf-stalks, and oblique ovate olive-green leaves, marbled with silvery blotches. The flowers are of a pinkish flesh-color.....	30	<i>Olbia</i> , a beautiful new species from Brazil.....	40
<i>Berthe de Chateaurocher</i> , a very distinct and handsome variety; flowers large orange vermilion, free bloomer; one of the finest autumn and winter bloomers.....	20	* <i>Odorata Dr. Hadstigal</i> , a fine improvement on the old variety.....	75
<i>Bijou</i> , is of good habit, and produces its flowers all through the year, but principally in the winter. The flowers are of a beautiful bright carmine, the centre white, very floriferous.....	40	<i>Rubella</i> , a bronzy green with a broad pale green band down the principal costa, and smaller bands of the same along the other main ribs, the whole dotted over with blotches of purplish brown.....	50
<i>Compta</i> , color is satiny green with a silvery tinge along the course of the mid-rib; this coloration with a satiny surface being of a very pleasing character.....	25	<i>Sceptra</i> , this is a very handsome and distinct species, a native of Brazil. The veins are sunk, and the raised spaces between marked with large silvery blotches, and numerous smaller dots of silvery gray. The leaf-stalks are red, this color passing up the ribs of the under surface.....	50
<i>Diadema</i> , a species of incomparable beauty. The leaves are perfectly smooth and shiny; the ground is a clear green, whereon numerous white strains are scattered, without regularity, in bands.....	20	<i>Semperflorens elegans</i> , a very vigorous growing plant, and superb winter bloomer; color deep bright rose.....	20
<i>Decora</i> , a shrubby variety with dark green obliquely lanceolate leaves, profusely marked with oblong spots or dots of a silvery gray color.....	20	<i>Gigantea Amelia</i> , a fine variety, produces flowers from the axils of the leaves.....	20
<i>Eugene Vallerand</i> , a very free flowering and fine variety.....	25	<i>Carminea</i> , a beautiful variety of the two last with carmine, equally valuable.....	20
<i>Gloire de Sceaux</i> , one of the finest flowering <i>Begonias</i> in cultivation, of erect growth, producing during the entire winter large flat flowers of a silky pink, contrasting well with the rich bronze green foliage.....	40	<i>Schmidtii</i> , flowers white during fall and winter.....	20
<i>Gloire de Jouy</i> , leaves pale pea-green densely spotted with white, mid-rib and veins reddish; flowers pale flesh.....	1 00	* <i>Scharffiana</i> , a magnificent species from Brazil, flowers in large cymes, crimson-purple.....	1 00
<i>Lubbersii</i> , leaves elongated and narrow, deep green spotted with white; flowers large, white, faintly tinted with pale rose. Received first prize at the Ghent Show the past spring.....	75	<i>Socotrana</i> , a species of remarkable interest, discovered in the island of Socotra. <i>B. Socotrana</i> is a plant of very neat habit, with erect stems 8 to 12 inches high, furnished with orbicular peltate leaves 4 to 7 inches in diameter, and producing a profusion of bright rose pink flowers, fully two inches in diameter. Its great recommendation is its very free blooming character, and its flowering in the depth of winter.....	30
<i>Mira</i> , a hybrid between <i>Diadema</i> and <i>Goseensis</i> ; finely spotted foliage; a distinct and beautiful hybrid.....	30	<i>Tuscheri</i> , a very free growing ornamental <i>Begonia</i> , which flowers profusely. Flowers rose colored.....	20

NEW BEGONIAS—Rex Type.

	Each.		Each.
Begonia Arc-en-Ciel , a lovely new variety; the marking is delicate and exceedingly beautiful, Adrian Schmidt , edge plum color, following the lines of the ribs it is a soft velvety green, marbled in silver in several ways from the centre.....	50	Madame Henri Gache , the finest of the variegated leaved section; the middle of the leaf is of a glistening greyish-silver, shaded in a most remarkable manner with bright rosy-crimson, the margin being olive-green spotted with silver; centre rich olive-brown.....	50
Brongiart	50	Fire King , very bright foliage.....	50
Clementina , the color of stem and the upper surface of the leaf is of a beautiful bronzy green, ornamented with large silvery spots arranged parallel with the ribs of the leaf; the under side of the leaf is a bronzy red, which produces a beautiful effect.....	50	Ibis Rose	50
Comtesse Louise Erdedy , a distinct and beautiful variety, unique in growth from any of this family. The leaf has a metallic lustre, dark silvery in the centre, shading into coppery-rose at margin, which is edged with same of deeper color.....	50	Mme. Isabella Bellon , "quite similar in general contour and color to Mme. Allamagny, but in place of the green centre and edge, we find a soft, silvery rose shade, making a beautiful light leaf of the highest lustre".....	50
Desfontaines , "a light leaf, beautifully banded in steel and bright green".....	50	Marquis de Peralta , "One of the freest growing, throwing out great clusters of leaves, which are exquisitely beautiful. They are edged by a very narrow band of silver of uniform width; this borders a bright green zone mottled in silver, which encloses the zone proper, which is a broad silver band about a dark-rayed center".....	50
Lucy Closson , "the very brightest colored Rex yet offered, broad rose colored zone; a fine profuse grower, and sells on sight".....	50	M. Charrat , "the majority of the leaf is silver with dark-pointed center and dark edge; the entire leaf is covered with soft velvety pile, the edge beautifully mottled".....	50
Lesoudsii , "this is the largest leaved of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between <i>B. Diadema</i> and a Rex variety, but retains, in a marked degree, the Rex character.....	50	Mme. F. Allegetierre , "small five-pointed center of brownish olive and a narrow ruffled edge of the same color, enclose a white metal band of great lustre".....	50
Mme. Allamagny , one of the finest; the large leaves are beautifully lobed; the greater part of the surface is a silvery white, with elegant palmate centre of velvety green; edge dark wavy lines.....	75	Mad. Fanny Massange	50
Mme. Le Boucq , "a very distinct variety, having the entire leaf of soft, rosy mauve color, with very high silky lustre and occasional touches of plum color".....	50	Regnault	50
M. Rival , "long, sharply pointed leaf broadly zoned in bright silver; dark olive center, and bright green edge, light, laced with reddish mauve".....	50	Richard	50
		Siebold , "dark reddish green center, very broad, light metallic band, this bordered again with bright medium shade of green, all surrounded by dark ruffled edge, beautifully mottled.....	50
		Tournefort , broad, silvery gray zone, center and edge very finely mottled in silver on a bright green ground.....	50
		Ville de Namur , this beautiful foliaged Begonia is in style of <i>Louise Chretien</i> , but superior.....	30

CROSSANDRA UNDULÆFOLIA.

This is a dwarf, shrubby plant, rarely exceeding a foot high. It flowers freely in the summer, and continues in bloom for several weeks. The flowers are produced successively along an erect spike 2 to 3 inches long; the corolla is bright orange-yellow tinted with rose. 50 cents.

* CIENKOWSKIA KIRKII.

This handsome and interesting plant is a native of Eastern Tropical Africa; its blossoms are exceedingly attractive and beautiful; they are produced on a many-flowered scape, and are of a soft purplish-rose color, with a bifid golden spot in the centre. It has received a First-Class Certificate from the Royal Horticultural Society. \$1.00.

COLOCASIA NEO-GUINENSIS.

A new Aroid; it is remarkable for its tufted habit, the shortness of the leaf-stalks, and its short-stalked inflorescence, and the beautiful green tone of its smooth and shiny leaves, spotted with creamy white. It will form an interesting addition to collections of Aroidaceous plants, and probably may prove valuable for the embellishment of the out-door garden in summer, like *C. Esculenta*, now so much cultivated. 50 cents.

HIBISCUS CHRYSANTHUS.

A very distinct new species from Natal; very large flowers, bright deep yellow, purple eye. This beautiful plant bedded out the past summer flowered finely with me. 30 cents.

PELLONIA PULCHRA.

An exceedingly pretty trailing plant, with light green foliage marked with dark spots. A charming trailing plant. 20 cents.

IMPATIENS.

	Each.		Each.
Impatiens, Sultana , a very beautiful plant from the east coast of Africa. The plant is a free grower and continuous bloomer, color of flowers a rich carmine-magenta.....	20	ine. The magnificent flowers are very large, flatly expanded, and of the most brilliant, rich, deep carmine color. This is relieved by a lustrous bluish tinge around the small white eye.....	25
Hawkerii , a more lovely flowering plant than this new species it would be difficult to imagine. The magnificent flowers are very large, flatly expanded, and of the most brilliant, rich, deep carmine color. This is relieved by a lustrous bluish tinge around the small white eye.....		Impatiens, Mariana , a pretty new species, of dwarf habit, reticulated foliage.....	20

JASMINUM GRACILLINUM.

Jasminum Gracillimum is one of the most distinct in its graceful habit and in the abundance of its large sweet-scented flowers, which are also more copiously produced. It appears to be a small species, with long, very slender branches springing from low down on the stem, and curving over on all sides, weighed down by terminal globose panicles. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers. 25 cents.

BRUGMANSIA SANGUINEA.

An old but neglected plant; free luxuriant grower, with large hairy foliage, flowers long, white, tubular, edge margined crimson. 25 cents.

GLOBBA COCCINEA.

The stems are much crowded, 12 to 18 inches long, and gracefully arching on all sides, giving the plant a very elegant contour. They are furnished with deep green leaves and terminate in a dense raceme of flowers, of which the bracts are scarlet and the perianth yellow. The plant is continuously in bloom during the greater part of the year. The elegant habit of this plant, its richly-colored flowers of singular structure and their long duration render it a most useful and interesting plant. 50 cents.

SELAGINELLA GRANDIS.

A handsome erect-growing species, with large, broad, recurved, grass-green fronds, much branched, the divisions half an inch broad, densely clothed with distichous, imbricating, subfalcate. 50 cents.

ALOCASIAS.

	Each.		Each.
* <i>Alocasia, Arborescens</i> (Montichardia), a magnificent Aroid with arborescent stems and immense foliage.....	50 cts. to 1 00	* <i>Alocasia, Metallica</i> , a plant possessed of great beauty. Large, thick, shell-like leaves of a bronzy copper color. It is distinct and admirable in every respect.....	75 cts. to 1 50
* <i>Hybrida</i> , an exceedingly beautiful Hybrid, sent out by Messrs. Veitch & Sons. It is of free growth, with exceedingly beautiful foliage of metallic hue, in the way of <i>A. Veitchii</i> , but much finer; will make a grand specimen plant for exhibition, &c.....	\$1 00 to 1 50	<i>Sedeni</i> , very beautiful between <i>A. Metallica</i> and <i>A. Lowii</i> . The form of the leaf is perfectly intermediate between the two parents, whilst the coloring is a very striking and pleasing combination of the metallic hue of one parent, with the dark green and prominent white veins of the other. A fine foliage plant.....	50 cts. to 1 00
<i>Jenningsii</i> , a delicate green, over which, between the principal veins, are laid heavy blotches of black, which are remarkably precise in outline and arrangement.....	25	* <i>Thibautiana</i> , a splendid foliage plant of stately and robust habit, and, without doubt, by far the finest of all <i>Alocasias</i> . For exhibition purposes it stands in the front rank among foliage plants, and in the Stove it forms one of the most distinguished ornaments. A first-class certificate was awarded to it by the Royal Horticultural Society	\$1 00 to 1 50
<i>Lowii</i> , a very beautiful plant with large shining foliage. Forms a fine specimen.....	50 cts. to 1 00	* <i>Zebrina</i> , fine yellow leaf-stalk, with distinct black marks, rendering it a very conspicuous plant. It makes a grand specimen.....	50 cts. to 1 00
* <i>Macrorrhiza Variegata</i> , leaves nearly as large as <i>Colocasia Esculentum</i> , broadly splashed with white, some leaves nearly all white. Its easy growth, combined with the rich variegation, makes it a very telling subject for exhibition.....	50 cts. to 1 00		
<i>Veitchii</i> , the foliage of this plant is exceedingly distinct. A grand show plant.....	40 cts. to 1 00		

POTHOS.

Pothos, Celatocaulis, this plant is a handsome and interesting climber; lying perfectly flat upon the surface it climbs over, being held in position by its numerous adventitious roots; and as it is a rapid grower, it is admirably adapted for covering walls, &c.....

30

Pothos, Aurea, the leaves are strikingly variegated, irregularly marked by bands of fantastic-shaped blotches of creamy-yellow, here and there suffused with pale yellowish-green.....

25

PAVONIAS.

* *Pavonia, Wioti*, the outer calyx consists of two whorls of bright red bracteoles, the outer whorl shorter than the inner, which equals the closed corolla. Both the latter and the calyx are of a red-black. It flowers continuously throughout the year, but most freely in the winter months

50

* *Pavonia, Makoyana*, its corymbs of flowers are peculiarly attractive from the bracteoles being large and of a bright rosy-carmine color, forming a striking contrast with the dark purple corolla. The plant is extremely floriferous, and the blossoms remain a long time in perfection.....

50

NEW DIEFFENBACHIAS.

Dieffenbachia, Baraquiniana, a fine vigorous plant with white stems, leaves green, spotted and blotched with pure white.....

50

Bausei, it is a stocky-growing broad-leaved variety, with yellowish-green leaves, which are irregularly edged and blotched with dark green, and also spotted with white, the marking being particularly effective.....

50

Bowmanii, very large bright green leaves, blotched and marked with golden-green; a grand specimen plant.....

50

Dieffenbachia, Eburnea, distinct and very beautifully marked foliage.....

50

Jenmanii, the leaves are a rich bright glossy green, relieved by a milk-white band at every lateral nerve and by a few white spots interspersed between the bands. The striking variegation renders it one of the handsomest of Stove variegated plants.....

50

Magnifica, a truly magnificent plant, vigorous, distinct, and fine habit; with large green leaves, spotted and marked with pure white...

50

Each.
Dieffenbachia, Illustis, a stout-habited stove plant of noble character, with bold and finely-marked leaves. The blade is large, distinctly cordate at the base, marked all over with irregular blotches of yellowish-green, and with a tendency to become yellow along the course of the principal ribs..... 25 cts. to 50
Leopoldii, the leaves are of a rich, deep, lustrous, satiny-green, traversed by a broad and stout ivory-white rib, which is bordered on each side through its entire length with a whitish band, and shows in strong contrast to the color of the leaf surface..... 25 cts. to 50
Picta, a very beautiful foliage plant, leaves a deep green, mottled with white; beautiful..... 25 to 50

Each.
Dieffenbachia, Nobilis, the leaves are of a deep rich green, marked over the central portion to within about an inch of the margin, with largish, angular, irregular and variously confluent white spots, which contrast with the color of the margins and intervening portions..... 25 cts. to 50
Splendens, a plant of great beauty. The stem is faintly mottled with dark and light green. The leaves have a thick ivory-white midrib, and the ground color is of a deep, rich, velvety bottle-green, with a resplendent, lustrous surface, freely marked with whitish striated blotches..... 50

DRACÆNA GOLDIEANA.

BURBIDGEA NITIDA.

This beautiful plant is the type of an entirely new genus with the habit of *Hedychium*. It is a native of Borneo. It produces ten to thirty slender flowering stems, each bearing a panicle of 12 to 20 flowers each. The leaves are of a lively glossy green on both surfaces, and serve to set off the rich orange-scarlet colors of the flowers. Its flowers, of a rich orange hue, render it a very striking stove plant. 40 cents.

*DRACÆNA GOLDIEANA.

One of the most magnificent ornamental foliage plants ever introduced, and altogether unique in character and aspect. It is a native of Western Tropical Africa. The plant is of erect habit, and the stems are closely set with stalked spreading leaves the petioles of which are of a grayish color, terete with a narrow fur along the upper side, the base being dilated and sheathing the stem. The base of the leaf is cordate-ovate acuminate with a yellowish-green costa, and banded with dark green and silver-gray in alternate straight or furcate bands, the colors being about equally distributed. The back of the unrolled leaves is a pale reddish-purple or wine color, and the stem where visible at the upper joints is of similar hue, the lower parts becoming green. It is, without doubt, one of the finest of all stove plants, and indispensable in all first-class collections. \$1.50 to \$2.50.

CURMERIA WALLISII.

The leaves are spreading and marked with very irregular dark green maculations, some running out from the green costa and others situated near the edge. The intermediate spaces are furnished with broadish patches of very pale yellowish-green, which in the more matured leaves becomes a greenish-gray. The colors are about equally dispersed, though the marking is very irregular, both as to the size and form of the blotches. 75 cents.

PEPEROMA PROSTRATA.

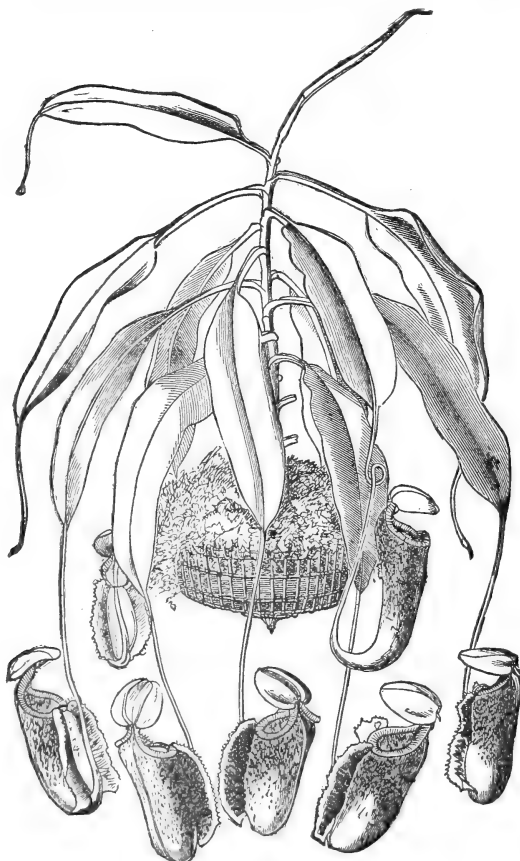

A very ornamental basket plant, with slender creeping stems, and alternate round variegated leaves. 25 cents.

ARDISIA OLIVERI.

Ardisia Oliveri is a stove shrub of remarkably striking appearance, with recurved foliage and large globular heads of flowers like those of an Ixora, but of pink color. The plant was introduced from Costa Rica by the late M. Endres. 30 cents.

NEPENTHES, PITCHER PLANT.

- | | Each. | Each. |
|--|------------|-------|
| * Nepenthes, Amabilis , this is a hybrid between <i>N. Hookerii</i> and <i>N. Rajahmansi</i> , partaking chiefly of the former named parent, but the markings are much richer, the mouth having broad rich crimson stripes or rings, beautifully mottled, with a large good-shaped lid; the plant is of good habit, producing pitchers to every leaf..... | \$5 00 | |
| * Atro-Sanguinea , pitchers 6 by 2½ inches, reddish crimson, slightly spotted with yellow, pointed at the base, distended in the lower half, cylindric above; wings broad-fringed; mouth ovate-acute, slightly prolonged towards the lid; rim flattish, slightly ribbed; ribs particolored, some red, others blackish; lid about the size of the mouth of the pitcher, oblong emarginate, with radiating veins, and a single spur at the base..... | 3 50 | |
| * Chelsonii | | 5 00 |
| * Coccinea (Hamiltoniana) , pitchers about 6 inches long by 3 in width, crimson, slightly speckled with yellow, flask-shaped, pointed at the base, distended below the middle, broadly cylindric above; rim broad, finely ribbed, ribs particolored, red and blackish; throat greenish, speckled with red; lid ovate oblong, smaller than the mouth, greenish, striped and speckled with red..... | | 2 50 |
| * Dominii , a beautiful pitcher plant, producing its large pitchers freely; color green, marbled and spotted reddish-brown..... | \$1.00 to | 2 50 |
| Distillatoria , one of the oldest varieties, but one of the most distinct and valuable..... | | 2 50 |
| * Findlayana , a hybrid of great beauty; the pitchers, which are of medium size, are produced in great profusion. The plants are of good habit, and the leaves closely set; the pitchers are flask-shaped, and beautifully mottled with reddish crimson on a pale green ground, the wings and mouth being also prettily mottled and flaked..... | | 3 50 |
| Gracilis Major , a plant of free growth and compact habit; its pitchers are produced very abundantly; the ground color is dark green, over which is a profusion of dark reddish brown spots..... | 50 cts. to | 1 50 |
| * Henryana , the pitchers are about 7 inches in length and 9 inches in circumference, obovate in shape, the prevailing color reddish-purple, with flakes and specks of green, the throat lighter green with violet spots, and the mouth a rich crimson shaded with violet; the lid, which is round, is suffused with rosy lake. In well-grown plants the pitchers of this variety take on the finest and richest colors of any that we have seen..... | | 2 50 |
| * Hookerii , a magnificent species of robust habit; the leaves are long and broad, supporting fine large pitchers upwards of 4 inches in length and 2 inches in diameter; the ground color is dark green, which is profusely streaked and blotched with dark red..... | | 2 50 |
| * Hybrida Maculata , produces its pitchers in great profusion; they are cylindric, slightly contracted above the middle, and winged; they are stained with purplish-red spots of a peculiar tint, by which this variety may be recognized..... | 75 cts. to | 1 50 |
| * Kennedyana , this species is very handsome, with crimson pitchers, which are from 4 to 6 inches long, inflated below the middle and contracted above, with narrow wings in front..... | | 2 50 |
| * Lævis , of very free growth, producing its pitchers freely of moderate size, of a bright green color, shaded with reddish brown..... | 50 cts. to | 1 00 |
| Morganæ , it is of dwarf, neat habit. The pitchers are flask-shaped, when fully grown are from 6 to 8 inches in length. On the younger plants the pitchers are beautifully mottled with bright red and pale green; in the older plants they are almost self-colored and blood red..... | | 2 50 |
| Phyllamphora pallida , pitchers very pale, almost white..... | | 2 50 |
| * Nepenthes, Ampullaria | 2 50 | |
| * Claytonii | 2 50 | |

PITCHER PLANT.

	Each.		Each.
Nepenthes, Mastersiana , this is indisputably the finest hybrid <i>Nepenthes</i> yet obtained. It was raised from <i>N. Sanguinea</i> and <i>N. Distillatoria</i> . The pitchers are as richly colored as those of <i>N. Sanguinea</i> , but easily distinguished from that grand species by their having the characteristic blotches of <i>N. Distillatoria</i> on the deep claret or blood-red ground of <i>N. Sanguinea</i> ; they attain a length of 8 inches, and a breadth of 2, and even more as the plants increase in strength.....	\$2.50	5 00	
*Outramiana , this is a grand Pitcher Plant, with pitchers 5 inches long, of fine form, ground color pale yellowish-green, densely spotted with dark blood red; in some instances the markings coalesce and nearly cover the entire surface. The interior and mouth are also well marked in this species. This is a very free grower, and produces its pitchers abundantly.....	2 50		
Patersonii , the pitchers, which are produced abundantly, are marked with numerous reddish brown spots; a distinct and handsome variety.....	2 50		
*Phyllamphora , of very free growth, producing in great profusion moderate sized pitchers of a bright green.....	50 cts.	1 00	
*Rafflesiana , of robust growth, producing very large pitchers of great beauty, which measure from 6 to 12 inches in length; ground color dark green, mottled and blotched with red. Its handsome pitchers render it a general favorite, 5 00			
*Nepenthes, Sedenii , the pitchers are produced freely even on very small plants; they are of medium size, oblong, dilated at the base, narrowed above the centre, and slightly expanded towards the top; in color they are a dark green densely covered with dark red spots.....	\$1 00 to	2 50	
*Splendida		2 50	
Stewartii , a hybrid between <i>N. Phyllamphora</i> and <i>N. Hookeriana</i> ; pitchers intermediate in size between the parents, with rather broad ciliate wings in front and a prominent rib behind, deep green densely spotted and clouded with crimson.....		2 50	
*Superba , a distinct hybrid; in habit it resembles <i>A. Hookerii</i> , but the pitchers are intermediate between that variety and <i>Sedenii</i> ; they are densely spotted with fiery red. This plant produces pitchers very freely.....		2 50	
*Williamsii , this is indeed a gem, and with the exception of <i>N. Sanguinea</i> , has the brightest red pitcher we have seen. It is the result of a cross between <i>N. Sedenii</i> and <i>N. Hookerii</i> , having a pitcher, in shape intermediate between the two parents, 4 to 5 inches long, densely spotted with blood-red, the red in many cases predominating. The interior is also marked with the same color, the under side of the lid with reddish-brown. It is a very compact grower, and pitchers very freely in a small state.....		3 50	

CRASSULA JASMINEA.

A very valuable and handsome plant, flowers white, resembling a Bouvardia, very fragrant. 25 cents.

COLUMNEA SP.

An exceedingly pretty epiphyte which we have introduced from Guatemala; grows well on a log with or without moss; it also grows freely in a pot; flowers creamy white covered with minute red spots. 50 cents.

*HIGGINSIA RÆZLI.

A very beautiful new tropical plant, with dark bronzy leaves, streaked and marbled with white. 50 cents.

ANTHERICUM PICTURATUM.

Without a doubt one of the handsomest foliage plants ever introduced, in growth equal to *A. Nitatum*, the variegation is entirely distinct, having a rich creamy-white band $\frac{3}{4}$ of an inch wide running through the centre of each leaf, margined on each side with rich deep green. 30 cents.

HOYAS.

	Each.		Each.
Hoya, Carnosa , a beautiful fragrant plant.....	25	Hoya, Globulosa , "the flowers are of a bright straw color, the coronal protuberances white, the interstices of a shining brownish-pink, forming a very pleasant contrast; the trusses large and freely produced, and the leaves of a shining green color, with dark green veins."— <i>Floral Magazine</i>	50
Variegata, centre of leaf green, margined with silver.....	25		
Imperialis , a robust, vigorous growing species, with very large flowers.....	50		
*Motoskei , new.....	50		
Paxtonii , a very beautiful species, similar to <i>Bella</i> , but of freer growth.....	40		

NEW TRITOMAS (KNIPHOFIA)—Flame or Torch Flower.

*Tritoma, Caulescens , this is a very distinct plant, rising on a stem with a Yucca-like head of channelled, arching leaves; the flower stem is from two to three feet high, surmounted with an enormous head of brilliant blossoms.....	1 00	Tritoma, Quartiniana , this also rises on a short stem; the leaves are channelled, arching, rigid, their points touching the ground, and of a glaucous blue color; the flower stem is stout, surmounted by a large head of yellow flowers.....	1 00
Corallina , a beautiful new plant, flowers very brilliant, coral red.....	1 00	Nobilis , truly called "noble"; a plant of very vigorous growth, throwing up a flower stem six feet high, surmounted by a foot-long cylindrical flowerhead of bright scarlet and golden yellow.....	40
Glaucescens , orange-scarlet flowers; glaucous foliage.....	25	Saundersii , a vigorous plant; the flower stem is not quite so tall, and the head is conical instead of cylindrical; the flowers are red throughout; a fine addition to the group to which it belongs, and should be included in the most select collections.....	40
Grandis , a handsome plant with spikes of flowers three feet high, color orange-scarlet.....	25	Uvaria , long spikes, orange-scarlet.....	20
Grandiflora , strong, erect flower stalk, 2 to 3 feet, color orange-scarlet.....	50		
*John Benary , a new variety, of great beauty, deep rich sealing wax red flowers.....	75		
Leichtlini , flowers rich orange-vermilion, a very handsome and distinct Tritoma.....	1 00		
McOwnii , a very beautiful species with orange scarlet flowers.....	0		

TOXICOPHLÆAS.

	Each.	Each.
Toxicophlæa, Spectabilis , a beautiful plant with white flowers. It is extremely floriferous, even in the youngest plants; the flowers are produced in very large corymbs, each flower being of a tubular form with expanded limbs.		It is very useful for bouquets, being delightfully fragrant as well as beautifully chaste in color. 1 00
		Toxicophlæa, Thunbergii , another beautiful species, with large corymbs of pure white flowers, exceedingly fragrant..... 1 00

BIGNONIA MAGNIFICA.

A free growing and extremely floriferous stove plant, of scandent habit. The flowers, which are produced in large branching panicles, are of great size (about $3\frac{1}{2}$ inches across) and of exceedingly attractive color, ranging from delicate mauve to rich deep purplish-crimson, relieved by a conspicuous throat of light primrose color. 50 cents.

PHILODENDRON CARDERI.

The leaves are cordate, broadish, of a dark shaded bottle-green, with a satiny lustre, the principal ribs being marked out by bright green lines of glaucous or metallic hue; at the back the leaves are of a shaded wine purple, the course of the veins being marked by broad green lines. The glossy shaded satiny surface of the leaves imparts to them a wondrous degree of beauty. 30 cents.

ASPARAGUS—New Species.

Florists will find in these new Asparagus, with their delicately beautiful feathery growths, plants admirably adapted for floral work.

Asparagus, Plumosus , an elegant evergreen climber. It is an exceedingly handsome ornamental plant for the greenhouse or conservatory, and its pretty feathery growths are extremely useful for cutting for decoration. This is the finest species for florists—much more valuable than the dwarf variety.....	50	Asparagus, Virgatus , of shrubby habit, elegant and feathery. Root-stock omitting several stems, the upper part of which branch in a corymbose manner; a feathery, graceful plant, 25
Plumosus, Nanus	1 00	Tenuissima , another very graceful and beautiful species, of free growth, with filmy foliage; the stems of all these asparagus stand without withering after being cut for a long time... 15 to 25

ALPINIA ALBO-LINEATA.

A very striking and beautifully variegated plant, 3 to 4 feet high when fully developed. The leaves are 9 to 12 inches long, elliptic-lanceolate, pale green, marked divergently with broad bands of white and pale green. This is a grand addition to our ornamental plants, and makes a fine contrast intermixed with other foliage plants. 40 cents.

ARTOCARPUS CANONNI.

A tropical plant of exceedingly ornamental foliage of a rich bronzy-crimson tinted with purple above, beneath of a vinous red, about 1 foot long and 7 inches broad; very variable. 40 cents.

NEW PANAX.

Panax, Laciniatum , an elegant and very distinct plant. The leaves are tinted and indistinctly marked with pale olive-brown, and form a rather complicated mass of narrow segments; they are bipinnate, nearly as broad as long, and have a drooping contour.....	25	Panax, Victoriae , a distinct and very graceful stove plant, thickly furnished with leaves of a remarkably elegant character, forming a gracefully recurving mass of pleasing variegated foliage, and is one of the most lovely and elegant variegated plants.....	25
--	----	---	----

CLIDAMIA VITTATA.

A splendid foliage plant, having large green leaves with a light band down centre of the leaf, of easy culture and rapid growth. 40 cents.

NEW CROTONS.

Croton, Baron James de Rothschild , one of the finest of the large-leaved section, with yellow midrib, changing to a rich violet-crimson.....	50	Croton, Day Spring , a vigorous showy variety, centre of leaf creamy-yellow.....	50
Caudatus-Tortilis , a beautiful Croton with gracefully pendulous twisted leaves. Some of the leaves are deep olive-green, with a golden-yellow central band and crimson midrib; others are almost wholly yellow which becomes suffused with crimson by age.....	50	Elegantissimus . The variegation is of a rich bright golden color, extending along the centre and occurring in distinct blotches and this, contrasting with the bright red tint of the petioles, produces a pretty effect.....	50
Chrysopæsilus , the foot-stalks and midribs are pale canary-yellow, which is also spread over the blade on each side of the midrib in irregular bands, in some cases to two-thirds of the length of the entire leaf.....	50	Evansianus , the newest leaves are light olive-green, with midrib and veins of golden-yellow. As the leaves become older, the green deepens and changes to a bright bronzy-crimson, and the golden-yellow of the midrib a rich orange-scarlet.....	50
Carrierii , a superb Croton, with large finely variegated foliage.....	50	Emperor Alexander (new) , a very beautiful variety in the way of <i>Fusciatus</i> , but more distinctly and finely marked.....	75
Cronstædtii , a glossy green variegated with bright golden-yellow. They are twisted, curled and crisped into a great variety of forms. The richness of its coloration renders it most distinct and interesting.....	50	Flambeau (new) , leaves narrow, bright rich crimson, a brilliant variety.....	75
		Fusciatus , veins marked by bright yellow-lines, interlacing near the edge, where, near the point, the surface is chiefly yellow; midrib a brownish-yellow band.....	50

	Each.		Each.
Croton, Hawkerii , the middle and lower portions of the leaves, together with the footstalks, are light creamy-yellow which spreads over the greater part of the leaves.....	50	Croton, Macarthurii , the color is constant, but the markings on the different leaves are as varied as the forms assumed by the leaves themselves. The midribs are yellow, and are spotted, blotched, flaked, and barred in infinite variety.....	50
Hanburyanus , leaves rich golden-yellow and rosy-crimson that suffuse the whole plant. All the leaves are beautifully marbled and blotched with these tints on a green ground....	50	Prince of Wales , the midribs are light-yellow, with a broad band of the same color on either side; the remainder of the blade is light olive-green, profusely spotted and marbled with yellow.....	50
La Dame Blanche , a very beautiful variety with long undulating foliage; the variegation is white, which marks it as distinct from other Crotons.....	50	Princess of Wales (Glorious) , this is one of the long-leaved drooping forms. Leaves sometimes plain and sometimes strongly undulated. The ground color is green, and the variegation creamy-yellow.....	50
Lancifolius , midrib, margins and veins pale yellow, which, as the plant attains its character, becomes reticulated with bright rosy-pink; presenting a mosaic appearance.....	50	Queen Victoria , the ground color of the leaf is rich golden-yellow; the midrib and the primary veins are of a rich magenta color, changing with age to a vivid crimson.....	50
Montefontaineensis (new), leaves three lobed, a very rich colored and beautiful Croton.....	75	Superbus , a rich sulphur-yellow, very distinct, a fine variety.....	75
Sunshine (new), a very handsome and distinct Croton; leaves from 9 to 12 inches long by 2 to 3 inches broad, oblong obovate; and of a dark golden-yellow color, primary veins and margin same color, ground color pale olive-green spotted. When the leaves are mature the markings change to a deep orange crimson....	75	Variabilis (Falcatus) , its leaves marbled and blotched with different shades of yellow, orange and crimson. The leaves both in color and shape, are very variable; some are straight, others recurved.....	50
Newmanii (new), a richly variegated form with large lanceolate leaves freely marked with a most distinctive bright golden-yellow and whitish variegation; the midrib is of a bright magenta-crimson, the ground color of which is bright green, interspersed with occasional blotches of bright yellow.....	75	Williamsii , the leaf has a central band, yellow, from which veins of the same color branch out on either side. These veins all change to deep crimson and the whole plant becomes flushed with a glowing tint of crimson.....	50
President , a charming new Croton, with foliage broadly variegated with golden-yellow.....	50	Extra sized plants of the above Crotons can be supplied at extra prices.	

BERTOLONIAS.

* Bertolonia, Van Houttei , has the leaves of a rich olive-velvet ground color, traversed broadside by large bars of beautiful magenta-red, and dotted all over with thousands of spots of the same color. The description will, however, give only a slight idea of the real beauty of this plant.....	50	* Bertolonia Guttata , leaves dark green, profusely dotted with rose-colored spots, a charming plant.....	50
		* Mirandæi , beautiful marked foliage.....	50
		* Pubescens , leaves light green, dark band through centre.....	50

GOODYERAS.

* Goodyera Dawsoniana , a very beautiful plant. The leaves blackish-green on the upper side, and very glossy, with lines of beautiful golden-purple traversing from the base of the apex; flowers white.....	2 00	* Goodyera, Discolor , a beautiful plant, grows about six inches high; foliage a beautiful dark velvety color, with white markings through its entire length; flowers white.....	50
---	------	---	----

LAURESTINUS—Viburnum Tinus.

Laurestinus, Splendens , a variety of Laurestinus, with magnificent large flowers. A good grower and a free bloomer.....	50	Laurestinus, Pure White , the flowers of this variety are pure white.....	30
---	----	--	----

PHYLLANTHUS ROSEA-PICTUM.

The variegation is exceedingly rich and varied, no two colored leaves showing precisely the same markings with like tints. Many of the leaves are bright crimson, which is also the color of the stem during the early stage of growth; some are a light cream color, tinged with a delicate blush, others again have a dark bronzy hue shaded with crimson; some are dark green with blotches and spots of rose, while others are tri-colored, white with different shades of rose and green. 30 cents.

DICHORISANDRAS.

* Dichorisandra, Mosaica , an extremely handsome plant, of dwarf habit; leaves large, ground color of the upper side rich, deep shining green, traversed with an innumerable quantity of parallel transverse fine white lines; the upper side is of a uniform deep purple. It also produces lovely rich azure flowers.....	1 00	Dichorisandra, Thyrsiflora , a very fine species, flowers in a thyrses of rich azure; magnificent species.....	40
		Undata , very different from <i>D. Mosaica</i> , producing large ovate leaves, very dark green in color; the midrib and veins are of a lighter green, which gives the leaves a striped or marbled appearance.....	40

SONERILA HENDERSONII.

A charmingly variegated plant, of dwarf habit. Its leaves are most elegantly studded over with silvery-white pearl, or tiger-like spots upon a rich dark olive-green ground. Flowers rosy-lilac. This beautiful plant proves far easier in its management than any of the former species of *Sonerila*. We have found this plant a profuse bloomer during the winter. 30 cents.

NEW FERNS.

ADIANTUMS.

	Each.		Each.
Adiantum, Aneitense , a very elegant free-growing species of Maiden-hair Fern, introduced from the Island of Aneiteum; firm in texture, with a glabrous surface; the roundish reniform sori are borne in the centre of the lobes.....	50	*Adiantum, Fragrantissima , a great novelty, being fragrant; it is also a beautiful Adiantum.....	75
Bausei , a hybrid variety between <i>A. Trapeziiforme</i> and <i>A. Decorum</i> ; in size intermediate between the two. Its peculiarity is the drooping position of the pinnules; in the form of its pinnules it also differs from any other known Fern.....	50	*Fergusonii , an elegant species of Maiden-hair Fern. The fronds are erect, tripinnate along the upper half, and attain a height of from 24 to 30 inches. The pinnules are large, overlapping, of irregular form, but neatly toothed and notched along the outer margin, the terminal one being three-lobed.....	75
*Cuneatum Deflexum , it was raised between <i>A. Cuneatum</i> and <i>A. Bausei</i> . "The plants are dense and compact in growth, on which account they are well adapted for grouping in small baskets and jardinettes".....	50	*Legrandii , a pretty dwarf Fern, with small triangular fronds densely set with overlapping pinnules. Handsome compact habit, very distinct.....	50
*Cuneatum Elegans . This is an elegant variety, it is about intermediate between <i>Cuneatum</i> and <i>Gracellinum</i> , perfectly distinct and equally effective as a decorative plant, added to which it is hardier, stands better when cut and produces a much larger quantity of fronds.....	75	Luddemannianum , a remarkable variety; the peculiarity consists in the pinnules being crested or agglomerated at the extremities of the stipes and their rachides; they are also much crisped and curled.....	75
*Cuneatum Grandiceps , it differs from the species in several striking particulars. It is more robust in habit, the fronds are more elongated, the pinne also terminate in similar but smaller branchings, and these by their weight give the fronds an elegant arching habit.....	50	Monochlamys , a distinct and beautiful new Adiantum.....	75
Collisii , a beautiful fern allied to the well-known <i>Adiantum tenerum</i> , but far superior to it. As distinguished from <i>A. tenerum</i> , the fronds are more numerous, somewhat taller and much more branched, giving the plant a far more elegant contour.....	50	*Novæ Cædoniæ , a distinct and pretty species, with pinnate fronds, the pinnules deeply cut, compact in habit and very graceful, 1 00	
Dolabriforme , a beautiful evergreen Adiantum; fronds elongated, pinnate, proliferous, pinnules dolabriform. An exceedingly graceful Fern.....	40	Pacottii , an elegant Maiden-hair Fern, 4 to 6 inches high, with elongate triangular, tripinnate fronds, with densely set pinne and pinnules.....	40
Lathomii , in the way of <i>A. Ghiesbreghtii</i> , but with a drooping habit. Fronds 2 to 3 feet high, drooping somewhat. An exceedingly graceful and beautiful Fern.....	50	Rhodophyllum , a most distinct and beautiful Fern. The fronds attain a height of 15 to 18 inches. When first developed the young pinnules are crimson, changing with age to a soft pale green.....	50
		*Williamsii , the New Golden Maiden-hair. This splendid novelty is destined to become a general favorite, and for cutting purposes its value cannot be overestimated.....	75
		*Victoriæ , a handsome decorative Fern of dwarf densely tufted habit; sterile lobes serrate; sori oblong or reniform at the apex of the lobes.....	50
		Weigandii , a very pretty and novel Maiden-hair Fern, neat in habit, having the compact bushy style of growth of <i>A. Decorum</i>	50

Asplenium Nobilis , this is a graceful Fern, with light lace-like pinne and arched fronds which somewhat resemble those of <i>A. Viviparum</i> or <i>A. Lineatum</i>	25 cts. to	50	inches long, pinnate and much crested. The pinne are produced in pairs, one overlaying the other, those above being largest. Compact elegant habit.....	25 cts. to	50
Davallia Fijiensis , a charmingly elegant evergreen Fern, free in growth, firm and durable in texture, and bright green in color, introduced from the Fiji Islands. The fronds grow 2 or 3 feet in height and have a deltoid outline.....	50		Nephrolepis Rufescens Tripinnatifida , this is the handsomest of all the forms of the widely distributed <i>Nephrolepis Rufescens</i> . The fronds are tufted, erect or sub-erect, 2 to 3 feet high; the stipes and rachides are of a glossy reddish-brown color and clothed with a ferruginous tomentum. The aspect of the plant is light and graceful in the extreme.....	1 00	
*Tenuifolia Stricta , an exceedingly handsome Fern, with spreading ovate fronds.....	25 cts. to	50	*Pteris Bausei , a distinct and beautiful Pteris.....	75	
Gymnogramma Schizophyllum , a very beautiful and distinct Fern. The frond is about 2 inches broad, very finely cut. A remarkable peculiarity in this Gymnogram is seen in the furcation of the rachis, and where it is proliferous, every frond producing a young plant. One of the most attractive Ferns.....	25 cts. to	50	*Platynerium Alciorne (Elk's Horn Fern), a very handsome and distinct evergreen Fern, succeeds well on block or basket.....	50	
Lastrea Richardsii Multifida , the plant has fronds 3 feet high. Its bright green color and the broad-crested apices with their numerous narrow divisions give this plant a singularly elegant character.....	25		*Majus , large and very beautiful variety.....	1 50	
Nephrolepis Dufii , a beautiful and distinct Fern. The fronds are densely crowded, from 15 to 18			Biforme	2 50	
			Ethiopica	2 50	
			Grande	2 50	
			Hilli	2 50	
			Stemmaria	2 50	
			Willinckii	2 50	
			Platyneriums are among the most distinct of Ferns, succeeding admirably on blocks.		

PHYLLOTÆNIUM LINDENI.

A fine Aroid discovered by Mr. G. Wallis, in New Grenada, and sent by him to M. Linden, of Ghent. The plant has robust foliage, which is very persistent; the leaves are of a light glossy green, marked by bands of white which cross the blade in almost parallel lines from a prominent midrib of the same color. \$1.00.

GLEICHENIAS.

	Each.		Each.
* <i>Gleichenia, Dicarpa</i> , the color of the younger and fresher-looking fronds is a dark green, with a kind of metallic or bluish tint, and the under side is glaucous.....	2 50	* <i>Gleichenia, Flabellata</i> , a distinct and fine species, makes a strikingly beautiful plant.....	2 50
<i>Glaucia</i> , a free growing species, makes a handsome specimen.....	2 50	* <i>Dichotoma</i> , a very handsome species, makes a nice specimen plant.....	2 50
* <i>Rupestris Glaucescens</i> , a very distinct form. The fronds are of a much thicker texture and very glaucous on the surface, changing with age to a bright glaucous green.....	2 50	* <i>Mendelli</i> , this is one of the most distinct and free growing kinds. It is a very compact growing species, requiring cool treatment. The pinnae are of a thick texture, and very glaucous on the under side.....	
* <i>Semivestita</i> , a very pretty compact free growing species, makes a handsome specimen plant.....	2 00	* <i>Speluncæ</i> , a distinct and beautiful species, makes a charming specimen plant.....	

ARALIAS.

* <i>Aralia, Amboinense</i> (<i>Sciadophyllum pulchrum</i>), a very ornamental plant with large, bright green shining foliage. A grand decorative plant.....	1 50	<i>Aralia, Guilfoylei</i> , the leaves are made up from three to seven-stalked oblong-elliptic bluntish leaflets. These leaflets vary in size from two to three inches long, and evenly margined with creamy-white.....	25 cts. to 40
* <i>Elegantissima</i> , a beautiful plant with straight erect stem, furnished at short intervals with digitate leaves, mottled with white on a dark green ground; the leaflets, from seven to ten in number, are gracefully pendulous. The color of the foliage is a deep green shaded with brown.....	1 00	* <i>Reginæ</i> , as the name implies, it is truly the Queen of Aralias. It is of a larger habit of growth than the <i>Vitchii</i> section; the leaf branches are more closely set, and the habit of growth is very graceful; the stem and petioles are beautifully freckled.....	1 50
<i>Filicifolia</i> , a plant of the first rank, graceful in habit and well furnished with foliage, altogether one of the most valuable decorative plants. The stem and leaf stocks are purplish, marked with oblong white spots.....	30	<i>Sieboldii</i>	25 cts. to 50
* <i>Nobilis</i> . See <i>Novelties</i> .		* <i>Veitchii</i> , a very elegant plant from the South Sea Islands, producing very narrow digitate leaves, considerably undulated; upper surface deep green; under, dark crimson. One of the most beautiful decorative plants in cultivation.....	1 00
* <i>Chabrieri</i>	1 00		

PHYGELIUS CAPENSIS.

This pretty Penstemon-like plant I have found quite hardy, it having passed several winters out doors without protection. It grows from 3 to 4 feet high, and has numerous semi-herbaceous stems, each terminated by a long branching raceme of flowers, which are brilliant scarlet. It is a most persistent flowerer, beginning in May or June and continuing up to frost. This is one of the most ornamental hardy plants in cultivation. 25 cents.

ANASACANTHUS WRIGHTII.

A new plant which I have received from southwestern Texas. This shrub attains a height of four to five feet, bushy, flowers orange, a continuous bloomer, nearly or quite hardy. 25 cents.

SENECIO PULCHER.—Beautiful Groundsel.

A half hardy perennial, a pretty plant, with rosy-crimson flowers, very showy, flowers late in summer. Figured in American Agriculturist. 25 cents.

VERONICAS.—Shrubby.

<i>Veronica, Reine des Bleus</i> (new), very beautiful spikes of blue.....	25	<i>Veronica, Gloire de Marseilles</i> , blue.....	25
<i>Gracieuse</i> , carmine.....	25	<i>Nuec Bleue</i> , azure blue.....	25
		<i>Reine des Roses</i> , spikes of beautiful rose-color.....	25

VERONICAS.—Herbaceous.

<i>Veronica, Hendersonii</i> , a new species introduced from Japan, growth about 2 feet high, robust habit, foliage broad, of a deep rich green, dense and abundantly produced. The flowers are very large, rich deep violet blue, produced in large cluster heads composed of many spikes;		the finest of the herbaceous section of Veronicas.....	50
		<i>Veronica, Elegans Variegata</i> , a very beautiful hardy herbaceous plant, with elegantly variegated foliage, long spikes of blue flowers.....	25

CANNAS, (New).

<i>Canna, Adolph Weick</i> , very dwarf, compact habit, flowers of a rich crimson-scarlet, shaded with orange, foliage rich pea-green.....	25	<i>Canna, Nouttoni</i> , this is closely allied to the last. Like it the foliage is large and fine. The flowers are also very large, of a bright scarlet.....	25

	Each.		Each.
Clerodendron, Balfouri , a beautiful climbing species, which blooms profusely on the young wood, flowers scarlet and white.....	25	Clerodendron, Thompsonii , a very beautiful climbing stove plant, with crimson flowers, free, vigorous grower and profuse bloomer.....	25
Coronaria , a very desirable plant, flowers double, white, very fragrant, fine for bedding out,	25		

PANDANUS.—Screw Pine.

Pandanus, Javanica Variegata , this variegated Screw Pine is well known as one of the finest decorative plants; leaves green, with broad stripes of pure white, gracefully curved; very beautiful.....	50 cts. to 1 00
Utilis , Screw Pine; very fine decorative plant, with recurved graceful foliage.....	25 cts. to 1 00
Veitchii , this splendidly variegated Screw Pine is one of the most attractive plants. The leaves, which are of light green color, beautifully marked with broad stripes and bands of pure white, are most gracefully curved, which elegant habit of growth renders the plant extremely effective.....	50 cts. to 1 00

PANDANUS.

PHORMIUM.—New Zealand Flax.

*Phormium, Atropurpureum , a very desirable species; habit the same as <i>P. Tenax</i> ; leaves reddish-purple. This makes a distinct decorative plant for the conservatory, and a fine subject for the sub-tropical garden; a distinct and beautiful plant.....	2 50	a glaucous green, the margin having a well-defined bar of blackish-purple. The points of the leaves are split down for some distance, both sides of each of the divided portions having the blackish-purple margin.....	\$1.00 to 2 00
*Colensoi Variegatum , this beautiful plant has fine, broad, erect, pointed, dark green leaves, elegantly banded at the margin with one or sometimes with two conspicuous stripes of creamy-white. It has the same mode of growth as <i>P. Tenax</i> , but it is altogether distinct, while its more erect habit gives it quite a distinct appearance.....	\$1.00 to 2 00	*Phormium, Cooki Variegatum , an elegant, somewhat dwarf-growing plant; leaves green, beautifully striped with golden-yellow. Native of New Zealand.....	\$1.00 to 2 00
*Purpurea Nigro-Limbatum , a distinct form of New Zealand Flax, having erect leaves of		*Veitchii Variegatum , this is a finely variegated form of the well-known New Zealand Flax. The leaves are of the same size as the species, with conspicuous broad stripes of creamy-white running out their whole length, and contrasting well with the light shining green ground color. It is a truly noble plant.....	\$1.00 to 2 00

LAPAGERIAS.

*Lapageria, Rosea , an extremely beautiful climber, with large rosy-crimson bell-shaped flowers.....	\$1.50 to 2 50	*Lapageria, Alba , a beautiful variety of the last, with numerous large bell-shaped flowers of purest white.....	\$2.50 to 5 00
*Superba	\$1.50 to 2 50		

DIPLADENIA.—(Echites.)

*Dipladenia, Amœna , flowers of a soft pink color suffused with rose, somewhat resembling <i>D. Splendens</i> , but in every respect a great improvement on that variety, being of superior form, the lobes being stiff and round instead of reflex and pointed.....	75	*Dipladenia, Brearleyana , this splendid variety of <i>Dipladenia</i> is one of the best exhibition plants extant. Its superbly colored flowers, which are of the largest size, opening pink and changing to the richest crimson color. They have this remarkable peculiarity, that the color increases in intensity with the age of the flowers.....	1 00
*Amabilis , a very beautiful species, bright rosy-carmine, a good grower and free bloomer.....	1 00	*Hybrida , a very floriferous variety; flowers resembling <i>D. Insignis</i> , both in color and form, but are produced in much greater profusion.....	1 00
*Boliviensis , in habit it is very compact, producing an abundance of flowers, in a much smaller state than almost any other species. The foliage is medium in size and of a light glossy green color. The flowers pure white, with a distinct yellow centre.....	1 00	*Splendens Magnifica , very vigorous grower, flowers rosy pink, large, beautiful.....	1 00

JASMINUM, SAMBAC.—(Arabian Jasmine.)

*Jasminum, Duchesse d'Orleans , flowers double, white, like miniature white roses, deliciously fragrant, a very valuable plant.....	25	*Jasminum, Trifoliata , another fine variety, flowers white, like miniature roses, deliciously fragrant.....	30
*Grand Duke , flowers double, white, like miniature white roses, deliciously fragrant, similar to the above, but distinct.....	25	Hirsutum (Single) , a very free flowering winter blooming species.....	25 cts. to 50
*Grand Duchesse de Tuscany , flowers double, white, like miniature roses, deliciously fragrant, in the style of the two preceding; very fine....	25	No plants can be more beautiful or fragrant than these; blooming freely through the summer. All who grow choice plants should possess them.	

IXORAS.

	Each.		Each.
<i>Ixora, Amabilis</i> , of vigorous and compact habit, deep orange salmon well formed flowers, borne in large trusses, which are produced in great profusion.....	50	<i>Ixora, Crocata</i> , deep orange, free grower, and profuse bloomer.....	50
<i>Coccinea, Superba</i> , a beautiful variety, with very large heads of brilliant orange scarlet flowers, produced freely.....	50	<i>Griffithii</i> , a very vigorous growing variety, flowers orange.....	50
<i>Fraseri</i> , a most effective and beautiful variety, of free and vigorous growth, with rich dark green foliage, and numerous large, terminal, globular flower heads, with blossoms of a brilliant flamed salmon color, upon carmine scarlet flower tubes, and rich under pedicels of flower stalks.....	50	<i>Prince of Orange</i> , this variety is distinct in color from any other, and is a valuable addition to this ornamental genus. It is of free, compact habit, flowers rich orange red, tinged with violet toward the centre, and produced in large and dense terminal corymbs.....	50
<i>Regina</i> , it is of compact habit, and the flowers are of a deep shade of color; the trusses are of a somewhat similar shape to those of <i>I. Coccinea</i> , but the plant is much more compact in growth than that variety.....	50	<i>Splendida</i> , a magnificent variety, producing profusely very large and handsome trusses of flowers of a rich bright orange-crimson color; remarkably showy and attractive.....	
		<i>Williamsii</i> , it is a free growing plant and an abundant bloomer, producing immense trusses of large flowers, of a very distinct and pleasing shade of reddish-salmon. It is one of the very best varieties in cultivation.....	50

CALLIPHURIA SUBEDENTATA.

This is a very beautiful free flowering plant; flowers pure white, fragrant, similar to *E. Amazonica*. 25 to 50 cents.

EUCHARIS.—(Amazonian Lily.)

<i>Eucharis, Amazonica</i> , large pure white fragrant flowers, full 4 inches in diameter, and are produced in abundance on strong plants...25 cts. to	50	<i>*Eucharis, Sanderii</i> , a distinct and beautiful new species. Its snow-white flowers are produced in umbels, and the corona, which is marked with six yellow stripes, is so shallow that it merely projects as a rim beyond the mouth of the tube.....	50 cts. to 1 00
<i>*Candida</i> , a very beautiful species, flowers pure white.....	50		
<i>Grandiflora</i> , large pure white, very fragrant, 25 to	50		

IMATOPHYLLUMS.

<i>Imatophyllum, Miniatum</i> , a very excellent evergreen, warm greenhouse or cool stove plant intermediate between <i>Clivia</i> and <i>Valletta</i> or <i>Amaryllis</i> , in style of growth, with dark green leaves and large corymbs of erect,		large, clear rich salmon or light flame colored cup-like blossoms.....	50
		<i>Imatophyllum, Mad. Van Houtte</i> , a new and very beautiful variety.....	

LASIANDRA MACRANTHA FLORIBUNDA.

A magnificent plant of good habit and a most profuse bloomer; the flowers are rich violet blue, between five and six inches in diameter and produced nearly all the year through. It requires the same treatment as *Pleroma Elegans*. 40 cents.

RUELLIA MACRANTHA.

A Brazilian plant. Flowers freely of a fine violet-carmine, a pleasing color. This plant is of free growth in a warm house, flowering profusely and showy. One of the very finest winter blooming plants of recent introduction. 25 cents.

STEPHANOTHUS FLORIBUNDA.

This plant is not new, but as a valuable stove climber it is unequalled. The flowers are pure white, of a waxy texture, very persistent. Some large plants in one of my greenhouses were covered with bloom the whole of the past spring and summer. 25 to 50 cents.

TABERNÆMONTANAS.

<i>Tabernæmontana, Camassa</i> , a very desirable shrub, with racemes of double white flowers of <i>Gardenia</i> -like outline and fragrance, which are produced on the point of every shoot. The usual temperature of a hot-house with less humidity, will produce blooms more freely and longer in succession.....	25	<i>Tabernæmontana, Camelliflora Pleno</i> (Glory of the Day), this plant is not new, but it is not cultivated to the extent it deserves; it succeeds well bedded out during summer, giving its lovely double fragrant flowers of the purest white in great profusion; excellent for bouquets, &c.....	25
--	----	---	----

PARIS DAISY OR MARGUERITE.—(Chrysanthemum Frutescens.)

<i>Paris Daisy, Alice Crousse</i> , very beautiful, in the way of <i>Halleri Maxima</i> , and producing flowers profusely.....	20	<i>Paris Daisy, Frutescens</i> , pure white, very free, <i>Mad. Aurier</i> (new).....	20
<i>Comtesse Chambard</i>	20	<i>Mad. Furfauillon</i> (new).....	20
<i>Etoile d'Or</i> , a free habit and produces in abundance beautiful soft yellow flowers.....	20	<i>Sieberti</i> , white, very free; a fine variety.....	20
<i>Floribundum</i>	20	<i>Soleil d'Or</i> (new).....	20
		<i>Uliginosum</i> (<i>Pyrethrum Uliginosum</i>), a hardy perennial, large single white flowers.....	20

ALOCACIAS.

	Each.		Each.
Alocacia, Alba Violacea , stems blue, striped white, large foliage.....	25	Alocacia, Illustrias	25
Esculentum (Caladium) , a magnificent plant where large, broad tropical foliage is desirable, grows about four feet high.....	10 cts. to 25	Javinica , beautiful green.....	25
Hybrida	25	Jenningsii , a delicate green, heavy blotches of black.....	25
		This class of Alocacias bed out finely.	

NEW TUBEROUS-ROOTED BEGONIAS.—Single Flowered.

The following beautiful varieties will be found admirably adapted for bedding out, as they produce in the utmost profusion magnificent flowers of very large size, and great variety in color. The tubers rest during the winter months, similar to Gladiolus, and can easily be re-started in growth in the spring. Their profuse flowering quality, and the charming variety of color of their blossoms, render them extremely showy and effective.

Begonia, Agnes Saul , very large flowers, pure white, superior to <i>White Lady</i>	25	Begonia, Marcel Deprez , yellow with red.....	40
Aspasie , very large, color bright rose.....	30	M. Marcotte (Lem.) , flowers large, of a beautiful tender rose color, very large and fine, a magnificent plant, superior to <i>B. Roseflora</i>	
Chelsoni , flowers large, drooping, bright orange, shaded with red.....	25	Mlle. Personneau , white, with rose centre, extra.....	30
Charles Baltet (Lem.) , large flowers of a rich vermilion, a beautiful variety.....	30	Martiana Gracilis , bright rose, light centre, very free.....	50
Countess of Kingston , intense purplish-crimson, immense flowers.....	30	Mont Blanc (new) , a vigorous grower and free bloomer, large white flowers.....	30
Diamant (Lem.) , flowers very large of a vivid rose color, habit dwarf and compact, beautiful, Directeur Gillikins.....	50	Onyx , flowers very large, vermilion, shaded with very lively orange, reminding of the color of <i>B. Veitchii</i>	30
Davisi , it is of the dwarfiest habit, the leaves and flowers all springing from the root stock. The scapes, which rise erect above an elegant bluish-green foliage, are bright red; each scape bears three dazzling scarlet flowers.....	50	Rosina M. Saul , flower very large, of a bright rich rose color; a charming variety.....	30
Fannie E. Saul , the flowers are large, of a brilliant amaranth, of free growth and profuse bloomer.....	25	Sutherlandii , flowers yellow, distinct and fine.....	25
John Saul , a grand flower, large, color dark scarlet-crimson.....	25	Sedeni , flowers are of the richest magenta color and of large size.....	25
Frœbelii , a splendid new species from Ecuador, producing well above the foliage erect bunches of large brilliant scarlet flowers.....	25	Teresa Saul (Saul) , very large, color rose-magenta, very fine habit.....	25
Little Beauty	40	Vicomtesse Doneraile , very large, rich vermilion, extra fine.....	30
Meissonier , clear salmon, large and beautiful... 40		Washingtoniana , orange-vermilion, very large and fine.....	25
Miss M. C. Saul (Saul) , very large, deep clear rose, beautiful.....	25	White Lady , flowers pure white, profuse bloomer.....	30
Message de Louverex (Van Houtte) , splendid orange-red.....	30	With. Liebnacht , flowers of immense size, color crimson-vermilion and orange.....	30
		Extra selected seedlings 25 cents each, \$1.50 per dozen. Seedlings mixed 20 cents each, \$1.00 per dozen.	

NEW TUBEROUS-ROOTED BEGONIAS.—Double Flowered.

*Begonia, Andre Chenier , bright orange, large imbricated flower, dwarf compact habit.....	75	*Begonia, Gen'l Chanzy , beautiful rosy-magenta; a hybrid from <i>Davisi</i> ; very fine.....	1 00
*Antoinette Guerin , large double white centre, cream.....	75	*Gen'l Championnet , in the style of <i>Glorie de Nancy</i> , more brilliant.....	1 00
*Blanche Duval , flowers very large; yellowish white; imbricated.....	75	*Gabriel Legros , large and double, yellowish white.....	1 00
*Clemence Denisara , flowers large, globular, of a satiny rose, very fine.....	75	*Lemoinei (Lem.) , the flowers of this beautiful plant are like a double Anemone, of an orange-vermilion, very beautiful.....	1 00
*Davisi flo. pleno , flowers dazzling scarlet, very double; habit dwarf and compact, a very beautiful variety.....	1 00	*Le Grand Citoyen , very large and double, color rich coral, very rich.....	1 00
*Davisi lutea pleno , similar to the preceding, with orange-yellow flowers.....	1 00	*Louis d'Or , enormous large double flowers; of a rich saffron-yellow.....	1 00

*Multiflora (new) , all colors mixed.....	50	*Thalie , very neat, double, pure white flowers, fine.....	1 00
*Floribunda Compacta , very fine double bright scarlet flowers, rising well above the foliage.....	1 00	Mixed doubles 50 cents each, \$5.00 per dozen.	
*Glorie de Nancy (Lem.) , a magnificent variety, with large, very double beautifully colored carmine flowers, very floriferous.....	1 00		

PRIMULA OBCONICA.

A beautiful new *Primula* of the easiest culture. Nearly constantly in flower, but most profusely during the winter months. Flowers in large heads on long stems, white, shaded with lilac, fragrant. 25 cents.

NERIUMS.—Oleanders.

The following collection has been selected from the best European growers. I would remark that what they call double, in some cases are semi-double, and whilst young are disposed to give single flowers.

	Each.		Each.
Nerium, Album Maximum , a very large and pure white semi-double.....	25	Nerium, Grandiflorum plenum , cherry-crimson, large and double.....	25
Atropurpurea plenum , deep cherry-crimson, shaded purple.....	30	Leon de Lunaret , light crimson, shaded and striped darker.....	25
Cardinale (Double), rich double vermilion, lighter in centre of petals, one of the finest dark Neriums in cultivation.....	25	Lilian Henderson , this beautiful Oleander is the most prolific bloomer and finest of the white-flowered varieties. The flowers are double, full petalled, rose-like in form, with a delicious perfume.....	25
Cousine Marie , double white, fine shaped, free flowerer.....	50	Luteum Novum (new), fine new single, pale sulphur.....	30
Flavum duplex (new), semi-double, pale sulphur, distinct.....	25	Madoni Grandiflorum (new), beautiful semi-double, pure white-flowered, splendid, free blooming, superb.....	
Géant de Batailles , (s.), light blush centre, petals edged with crimson.....	25	Mad. Chas. Baltet , cherry-carmine, large and very double, a fine variety.....	25
Gloriosum (new), flowers very large and double, of a brilliant cherry-crimson, extra fine.....	25	*Purpurea (new), purple, double corolla.....	50
Jean d'Arc , pure white, single, occasionally semi-double, a most profuse bloomer, a very valuable variety; can be highly recommended,.....	30	Souvenir de Claude Sahut , rich carmine, large and very double, very beautiful.....	25
*Luteum plenum , (new), double yellow, the finest of all double yellow Oleanders.....	50		

BOUVARDIAS.

For autumn and winter blooming plants the Bouvardias are well known to every florist. They are of the easiest culture, giving their rich colored flowers in great profusion.

Bouvardia, Alfred Neuner , double white, superior in profuse blooming quality to <i>Davidsonii</i> . Bridesmaid , Bride , large, shapely flower, trusses, somewhat in the style of <i>B. Davidsonii</i> ; color delicate shell-pink. Candidissima , pure white. Davidsonii or Vreelandii , the finest of all white Bouvardias, and of the free growth of its parent <i>Hogarth</i> . Bockii , color deep coral, base of petals and throat white, vigorous grower, free bloomer. 25 cents. Elegans , color a scarlet-carmine, flowers and trusses immense size. Flavescens (new), flowers like <i>Jasminiflora</i> , but of a pale sulphur. Floribunda , flowers orange-scarlet, very distinct and fine. Hogarth Florapleno , of free growth, large double corymbs of flowers, very profuse flowering. 25 cents. Humboldtii Corymbiflora , the flower tube three inches in length, snow-white and exquisitely fragrant; very large flowers.	Bouvardia, Jasminoides , a beautiful species in the way of <i>B. Longiflora</i> , with larger terminal and auxiliary raceme of fragrant snow-white flowers. Longiflora , snow-white, long tube, beautiful. Laura , bright pink. Leiantha , dazzling scarlet. Maiden's Blush , blush-white; a fine light variety. President Garfield , double pink, quite as free in profusion of flowers as the <i>Double White</i> . Rosa Multiflora , bright rose. Sang Lorraine , fine corymbs of large double flowers of a brilliant vermilion color. 25 cents. Sanguinea , color crimson-vermilion; a very fine new variety. Thomas Meehan , double scarlet. Triomphe de Nancy , double flowers of a beautiful orange-salmon color. 25 cents. V. Lemoine , imbricated double flowers, of a fiery scarlet color. 25 cents. Vulcan , a rich shade of crimson-scarlet. White Bouquet , very compact habits, producing freely its pure white trusses. 25 cents.

First size, 20 cents each; \$2.00 per dozen.
Second size, 15 cents each; \$1.50 per dozen;

SAUL'S DOUBLE CHINESE PRIMROSES.—*Primula Sinensis Pleno*.

*Primrose, Mary C. Saul (<i>Saul</i>), a seedling raised in our establishment. The flowers are as large as a carnation, very double, of the purest white, fringed, habit strong and vigorous, the finest white <i>Primula</i> ever raised.....	1 50	is of great vigor. The flowers, which are fully as large, are of a rosy-crimson, fringed.....	2 00
*Grandiflora rubra , very large, double red.....	1 00	*Primrose, Winifred Lawley (<i>Saul</i>), this plant is of the same vigorous strain as the others, flowers fully as large and very double, the color is distinct and novel, a beautiful pink, shaded with lavender, fringed.....	2 00
*Fannie E. Saul (<i>Saul</i>), another of our seedlings, a counterpart in every particular of the last, except that the beautiful white blooms are occasionally flaked with vermilion, a magnificent flower.....	1 50	We recommend these beautiful Primroses to our patrons, believing them to be unequalled by any others in cultivation. Their merits are well-known to the florists of Baltimore and Washington.	
*Rosina M. Saul (<i>Saul</i>), this beautiful double flower is the style of the two last. The strain			

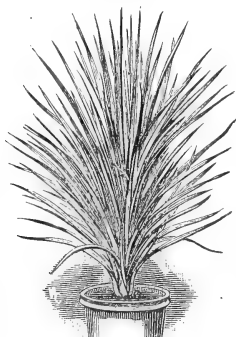

PUNICAS.—Pomegranates.

Punica, Alba Pleno , double white.....	20	Punica, Nana Improved , it blooms freely in a small state, and larger specimens are sheets of bloom. Being such a profuse bloomer, it is exceedingly desirable from its rich color, brilliant orange-scarlet.....	25
Legrelliae Pleno , reddish yellow, bordered with white, very double, splendid.....	20		
Rubra Pleno , double red.....	20		
Prolifera , a profuse flowerer.....	20		

DRACÆNAS.—Dragon Tree.

Our rich collection of *Dracænas* has been awarded the first premium by the Maryland Horticultural Society for several years, and first premium at the "Cincinnati Exposition." For decorative purposes these plants are now extensively grown, their broad, dark, tropical foliage and graceful habit render them very appropriate.

	Each.		Each.
<i>Dracæna, Amabilis</i> , leaf is bright glossy green, becoming beautifully marked and suffused with pink and creamy-white.....	50	<i>Dracæna, Hybrida</i> , the older leaves are of a deep green, margined with bright rose; as the plant attains age, the latter formed leaves become entirely suffused with deep rose and creamy-white.....	50
* <i>Alexander</i> (new), a beautiful plant, foliage bright green, with variegations.....	75	<i>Mad. Chas. Heine</i> , (new), elegant drooping leaves; an exceedingly graceful plant.....	75
* <i>Angustifolia</i> (new), the leaves are arching, about 15 inches long by one inch broad, dark green, richly marked with bright crimson and rose color, margined with the same color.....	75	* <i>Mad. L. Bergman</i> (new), fine, graceful foliage, colors early, a very rich crimson.....	75
<i>Baptistii</i> , the leaves are green, margined and irregularly and obliquely striped with narrowish creamy-white flakes, passing through pale pink to deep rose.....	50	<i>Metallica</i> , the leaves, together with the sheathing leaf-stalks, are of a uniform rich coppery-purplish hue when young, becoming a dark purplish-bronze when mature.....	50
<i>Borhaveri</i> , vigorous grower, deep green, graceful foliage; fine decorative plant.....	50	<i>Mooreana</i> , the base of the leaf-stalk and the midrib are of a bright reddish-crimson color, which, in the leaf itself, changes to a glossy bronze.....	50
<i>Braziliensis</i> , a robust growing species, with large, broad green foliage.....	50	* <i>Mrs. R. Turner</i> (new), fine, graceful plant, colors early and well very bright colors.....	75
* <i>Danelliana</i> (new), one of the best green varieties for decoration; stands rough treatment.....	1 00	<i>Nigricans</i> , very dark foliage; a very distinct variety.....	50
<i>Elegantissima</i> , a deep bronze, with a metallic lustre, and very distinctly margined with bright crimson.....	50	<i>Porphyrophylla</i> , a noble stove shrub of erect habit, with bold, broadly oblong leaves of a fine deep bronzy-green color.....	50
<i>Ensifolia</i> (<i>Dianella Ensifolia</i>), foliage green, fine window plant.....	50	* <i>Renardie</i> (new), dwarf, compact habit, colors early and very bright crimson.....	75
* <i>Ernestii</i> (new), dwarf, compact habit, colors early, of a rich, bright crimson.....	1 00	<i>Regina</i> , leaves broad, arching, deep green, striped with white.....	50
<i>Frederici</i> , it has a compact yet graceful habit, a rich rosy-crimson color, a grand decorative plant; one of the most valuable, as it colors beautifully in a small state.....	50	* <i>Pendula</i> (new), in the style of <i>Cooperii</i> , but much superior; graceful foliage, coloring very bright.....	1 00
<i>Guilfoylei</i> , the ground color is bright green; fully one-half the leaf, however, is striped with white and bright rosy-red, the latter color mostly forming the border in addition.....	50	<i>Spectabilis</i> , foliage long, green, very graceful.....	50
<i>Haageana</i> , a very distinct variety, with green foliage.....	30 cts. to 50	<i>Rossi</i> (new), free grower, fine foliage, colors of a bright, rich crimson; a fine variety.....	1 00
* <i>Kneckeii</i> , deep green foliage, beautifully recurved; splendid decorative plant.....	50	<i>Scottie</i> , a distinct and beautiful variety; the leaves spreading about 3 inches wide, of a deep green, with crimson edges; the young leaves freely variegated with pink and creamy-white.....	50
		* <i>Sydneii</i> (new), fine foliage, colors early and bright, very beautiful.....	50
		* <i>Superba</i> , the leaves are pendulous, arching, dark bronzy-green, margined and striped with bright crimson.....	50
		<i>Terminalis</i> , foliage bright crimson.....	25 cts. to 50

CORDYLINE.

Specimens and half specimens of all can be supplied during summer and autumn, suitable for exhibiting at Fairs, Flower Shows, &c., at moderate prices.

CORDYLINES.

<i>Cordylina, Australis</i> , a very long, narrow, graceful foliage.....	25
<i>Indivisa</i> , long, narrow and graceful foliage.....	25
<i>Lineata</i> ,.....	25
<i>Veitchii Rubra</i> , dark foliage.....	25

Australian plants of much grace and beauty, admirable for vases, single specimens on lawns, &c.

HIBISCUS ROSA SINENSIS.—Chinese Hibiscus.

(All are Magnificent Plants for Bedding Out.)

<i>Hibiscus, Collierii</i> , flowers are of a buff-yellow, with a crimson-scarlet base, and are particularly handsome.....	20	<i>Hibiscus, Cooperii</i> tricolor, beautifully variegated in foliage and flowers.....	25
<i>Cruentus</i> , the flowers are compact and double, of a remarkably rich crimson-red, and having a strikingly showy character.....	20	<i>Decorus</i> (new), enormous flowers of a beautiful rosy carmine.....	25
<i>Carminatus</i> perfectus, flowers nearly 5 inches across, of a rich soft carmine-rose, with a deep crimson eye.....	20	<i>Fulgidus</i> , flowers very large composed of fine, broad, round and beautifully undulated petals, of an intense carmine-scarlet.....	20
		<i>Lambertii</i> , flowers large, of a deep crimson, very fine.....	25

	Each.		Each.
Hibiscus, Grandiflora , this is a beautiful new plant in the way of the fine old plant <i>H. Rosa Sinensis</i> , it has very large flowers of rosy-crimson.....	20	Hibiscus, Rosa Sinensis , flowers deep crimson, single.....	20
Lucien Linden , the flowers are large and very double, of a pale yellow color, beautifully streaked with spots and lines of brilliant red.....	25	Variegata , leaves beautifully variegated with white.....	20
Magnificus , a grand variety of this fine plant. Flowers rich crimson magenta.....	25	pleno rubra , double crimson.....	20
Miniata Semi-Pleno , brilliant flowers of a vermilion-scarlet color, darker towards the base of the petals; semi-double.....	20	Jaune , double yellow.....	20
Puniceus , the flowers are double, neat and compact, of a very elegant crisped appearance, color bright dense crimson.....	20	Aurantiaca , double orange.....	20
Subviolaceous (new), flowers enormous, semi-double, rich carmine tinted with violet.....	25	Schizopetalus , one of the most remarkable varieties of <i>H. Rosa Sinensis</i> ; the petals are deeply laciniated and fringed as are the petals of <i>Mignonette</i> , <i>Clarkia</i> , &c. Its drooping flowers with reflected orange-red, and laciniated petals render this plant not only a curiosity, but highly valuable as a decorative plant.....	25
Van Houttii (new), an. the magnificent flower, large, of a deep crimson, extra fine.....	25	Zebrinus , a very distinct and handsome variety with double flowers, which are beautifully flaked and striped; scarlet edged with creamy yellow.....	25

Price \$2.00 per dozen.

CROTONS.—(Codicæum.)

These ornamental plants are natives of the South Sea Islands; they are among the most beautiful of variegated plants, the leaves being blotched with yellow and red in various ways, which renders them the most attractive and valuable for decorative purposes. They are of the easiest culture, succeeding in any warm greenhouse.

Our rich collection of Crotons has been awarded the leading prizes by the Maryland Horticultural Society for some years, and first premium at the Cincinnati Exposition.

Croton, Aurea-Maculatus , a small leaved variety, deep but bright green, profusely spotted with golden-yellow.....	50	Croton, Mooreanus , color and markings are rich and distinct. The midrib and margin of a clear orange-yellow, crossed with bands and stripes of the same color.....	50
Andreana , a variety of neat habit and free growth. The foliage colors in the most exquisite manner. One of the most beautiful.....	50	Multicolor , leaves irregular in shape, light green blotched with yellow, changing to glossy green blotched with reddish-yellow and red, the midrib crimson.....	50
Bismarcki , a deep green, with a broad band of golden-yellow and yellow markings, and a few slight yellow blotches over the surface.....	50	Nobilis , long pendulous leaves. The colors are crimson, yellow, footstalks of the leaves and midribs bordered by bands of deep golden-yellow.....	50
Bicornutum , leaves irregular in shape, dark green, blotched and spotted with yellow, and having a horn-like extension of the midrib, which has given rise to its name.....	50	Spirale , spiral leaves from nine to twelve inches in length and pendulous; in a young state, color is deep green, striped up the centre with golden-yellow.....	50
Chrysophyllum , the upper ends of the shoots are almost entirely golden. The upper leaves are shorter than the lower, somewhat wavy-edged.....	50	Tortilis , twisted foliage, very distinct. The midrib of each leaf grows in a spiral from the base to the point; a deep olive green, the midribs of the mature leaves bright crimson.....	50
Disraeli , midrib and margin of a light yellow. As the foliage becomes older the yellow subsides to a bright orange-yellow. In the mature leaves the margin is a bright scarlet.....	50	Variegatum , leaves dark green, blotched and spotted with golden-yellow.....	50
Interruptum , very long leaves, nearly an inch broad, midrib bright scarlet, shading to a golden-yellow.....	50	Rubrum , leaves dark green, striped and spotted with red and golden-yellow.....	50
Irregulare , leaves broadest at the base; ground color dark green, midrib orange-yellow, with the upper surface of the leaf irregularly spotted and blotched with yellow.....	50	Veitchii , the leaves attain a length of 12 to 14 inches, and are traversed by broad bands of creamy-yellow, which change with age into rose and carmine-purple.....	50
Johannis , the leaves are from 20 to 24 inches long, narrow and pendulous, ground color bright green, the margins and midrib bright orange-yellow, a beautiful variety.....	50	Volutum , the leaves being rolled up from the end in a volute, after the manner of the curling of a ram's horn. A golden bar runs down the centre and coalesces with the golden margin.....	50
Lord Cairns , this has trilobate leaves. The foliage is a bright green, the midribs of a light yellow, blotched and spotted with the same color.....	50	Wiesmannii , leaves about a foot long and three-fourths of an inch wide; ground color shining bright green striped and mottled with golden-yellow.....	50
Majesticum , leaves from 12 to 13 inches long, when young the leaves are green, ribbed with golden-yellow, the green changing with age into a deep olive and crimson.....	50	Youngii , leaves from 1½ to 2 feet in length, deep red underneath, upper surface dark green, densely blotched and suffused with creamy-yellow and bright rosy-red.....	50
Picta , foliage dark green, spotted with red and yellow.....	50	Specimen and half specimen plants of all can be supplied during summer and autumn, suitable for exhibiting, at moderate prices.	

LAGERSTRAMEA.—Crape Myrtle.

Lagerstramea, Indica Alba , white Crape Myrtle, a very beautiful shrub.....	25	Lagerstramea, Indica New Crimson , bright deep crimson, no variety hitherto introduced approaching it in color; a profuse bloomer, giving immense heads of its rich flowers.....	25
Indica Rosea , rose or pink, the variety generally grown.....	25	The Crape Myrtle is well known in this latitude and South as our most beautiful summer flowering hardy shrub. North, it will need protection.	
Purpurea , a bright purple, a vigorous grower and free bloomer.....	25		
Magenta , color a bright magenta.....	25		

GARDENIAS.—Cape Jasmine.

The Cape Jasmine is well known for its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

	Each.		Each.
Gardenia, Citriodora, single white, very fragrant.....	50	Gardenia Radicans, profuse bloomer, double white.....	40
*Globosa, a native of Natal, a free flowering shrub, having lanceolate glabrous leaves. The large white funnel-shaped fragrant flowers are terminal, the tube broad, an inch long, hairy at the mouth, and with the spreading limb an inch and a half across.....	75	Camelliflora, large double white.....	25 cts. to 50
		Florida, large double white.....	25 cts. to 50
		Major, very large double.....	25 cts. to 50
		Majestica, very large double white.....	25 cts. to 50
		Fortunii, fortune's large double white.....	25 cts. to 50

SWEET SCENTED VIOLETS.

Violet, Belle de Chatenay, new double white violet. The flowers are pure white, most delicately perfumed.....		Violet, Marie Louise, very fine double flowers, purple, with white centre; forces well.....	
Comte de Brazzas Blue, flowers in the way of Marie Louise, deep color, very fine.....	20	Marie de Savoy, the largest of Violets, deep blue with a white centre; very fragrant.....	
Comte de Brazzas White, very large, deliciously fragrant, free, similar habit to Neapolitan.....	20	Mad. Millet, of a distinct rose color, shaded with lilac, very fragrant.....	20
Czar (single), very large, purple, hardy and fragrant.....		New York, mauve-purple, large and fine.....	
White (single), a pure white variety of the last, very desirable.....		Princess Louise, double white, fine.....	
De Parma, pale lilac-blue, extra large.....		Swanley White, a magnificent variety, flowers large, double, pure white, deliciously scented.....	
Duchess of Edinburgh, delicate lavender-mauve, tinted with azure, white centre, very large and sweet.....	25	Schoenbrun, ever blooming, single dark blue, very hardy.....	
Devoniensis, single purple, very fragrant.....		Venice, very light purple.....	
Double Blue Neapolitan, light blue.....		Victoria Regina (Lees), this is a most beautiful single violet, pale blue.....	
		Price 15 cents each, \$1.50 per dozen (save where priced). Large plants in autumn, 25 cents each, \$2.00 per dozen.	

NEW AND RARE HARDY TREES AND SHRUBS.

Abelia Rupestris, a dwarf compact shrub, flowers pure white in long racemes during summer and fall; a beautiful shrub, quite hardy.....	20	Cedrela Sinensis, a very beautiful hardy tree of rapid growth, from north of China, with large foliage similar to <i>Ailanthus</i> , and yellowish bark. This is a very handsome new tree, very desirable for gardens, lawns, cemeteries, &c.....	30 cts. to 50
Acer Polymorphum, dwarf Japanese Maple, 25 to 50.....	50	Clerodendron Viscosissima (Bungeana), this is a handsome, hardy shrub from Northern China; the flowers emit a delicious perfume; flowers, lilac-rose, in dense terminal corymbs, a very desirable new shrub.....	30
*Atropurpureum, foliage deep purple shaded with claret, a beautiful variety.....	\$1 to 1 50	Climbing Hydrangea (Schizophragma) Hydrangeoides, this is described as clinging to trees to the height of 50 feet, producing corymbs of white flowers of the size of ordinary Hydrangeas. It clings exactly like ivy.....	25
*Castœnifolia, a very distinct and handsome Maple.....	1 50	Coculus Carolinianus, a rapid growing climber, perfectly hardy. It produces racemes of vivid scarlet berries, which hang on the vines all winter.....	25
*Dissectum, foliage similar to the above, but deeply cut.....	\$1 to 1 50	Crataegus Lalendi, a variety of Pyracantha, much superior to the type, has deeper colored berries and a more compact and better habit.....	25
*Japonicum, of slow compact growth, with large leaves; a very distinct and handsome species.....	\$1 to 1 50	Daphne Cneorum, a dwarf trailing evergreen, with rosy-crimson flowers, extremely fragrant, Jenkwa (Japan Daphne), an exceedingly beautiful small shrub, with long downy twigs, which in spring, before the leaves appear, bear violet colored fragrant flowers about an inch long; one of the most beautiful of early flowering shrubs.....	50
*Palmatifidum Atropurpurea.....	\$1 to 1 50	Desmodium Japonicum, a pretty dwarf Japanese shrub, which is quite hardy. Its drooping branches are entirely hidden by millions of its white flowers, which are freely produced from August to beginning of winter.....	25
*Reticulatum, deeply lobed leaves, reticulated with white and yellow.....	\$1 to 1 50	Penduliflorum, similar to the last, with purple flowers.....	25
*Rosea Maginatus, leaves tipped and edged with rose.....	\$1 to 1 50	Dimorphanthus Mandchuricus, this has been introduced from Manchuria, and therefore is perfectly hardy. Its handsome multifid leaves are about a yard in length and as much in breadth, similar to <i>Aralia Japonica</i>	30 cts. to 50
*Rosea Pictus, foliage deep and finely cut.....	\$1 to 1 50	Euonymus Sieboldtii, a very beautiful species, ever green in this latitude; flowers in August or September, followed with pretty berries, orange-colored, whitish pods.....	25 cts. to 50
*Rufa Nerva.....	\$1 to 1 50		
*Sanguineum, blood leaved, deeply lobed leaves; a rich colored and very beautiful Maple.....	1 50		
Actænia polygame, a very fine hardy climber from Japan.....	30		
Althea Cœlestis (Rose of Sharon, Hibiscus Syriacus), a distinct and beautiful variety with single blue flowers.....	40		
Totus albus, pure white, single.....	25		
pleno, double pure white.....	30		
Andromeda Arborea or (Oxydendrum) Sorrel Tree, a rare American small tree, known to Europe as Lily-of-the-Valley Tree, from the resemblance of its blossoms to that lovely flower.....	50		
*Azalea Ghent, in varieties, finest from seed.....	50 to 1 00		
*Mollis (Japanese), in variety, very beautiful and hardy with flower buds.....	50 cts. to 1 00		
Berberis Thunbergii, a dwarf bushy shrub, covered during winter with bright coral berries; a beautiful shrub.....	30		
Integerima, another handsome dwarf Berberis, Chestnut, Japanese, large fruited.....	30		
Chimonanthus (Calycanthus) Fragrans, blooms during winter, exceedingly fragrant; hardy in this latitude and South.....	50		
Cercidephyllum Japonicum, a pretty Japanese tree.....	30		

	Each.		Each.
<i>Deutzia Watererii</i> , the result of a cross between <i>D. Gracilis</i> and <i>D. Crenata</i> ; having the free habit of the latter parent, its flowers are large, of the purest white, and borne in the greatest profusion.....	50	<i>Perottia Persica</i> , one of the rarest of shrubs, the foliage, which is retained till late, colors beautifully in autumn and early winter.....	1 00
<i>Wellsii</i> , same parentage as above, and same habit; its flowers are full double, and of the same purity as those of <i>D. Gracilis</i> . Two most desirable new shrubs.....	50	<i>Prunus Pessardi</i> , rich deep purple foliage. Fruit bright crimson from the time it is set. Very sweet.....	25
<i>Elliottia racemosa</i> , a very rare native shrub.....	50	<i>Phyllirea Vilmoreana</i> , a beautiful hardy evergreen.....	75
<i>Enkianthus Japonicus</i> , a pretty new Japanese shrub.....	50	<i>Pyrus Maulei</i> , this desirable new fruit is allied to the <i>Japanese Quince</i> . The fruit is of the size of a moderate Quince, of a bright apricot color, and makes a rich preserve. The flowers, which are produced in great profusion, are of a most brilliant orange-scarlet color.....	50
<i>Euryalatifolia Variegata</i> , a beautiful variegated shrub, nearly hardy.....	50	<i>Japonica Alba Semi-pleno</i> , semi-double white Japan <i>Pyrus</i>	50
<i>Sieboldtii</i> , green foliage.....	50	* <i>Nivalis</i> (Veitch), purest white, a lovely shrub.....	50
<i>Exochorda grandiflora</i> , finely shaped shrub, with a profusion of the most lovely pure white flowers; blooms in the spring.....	30	<i>Pterostydrax Japonica</i> , a new Japanese shrub.....	50
* <i>Alberta</i> , a new species.....	75	* <i>Rhododendron Catawbiense</i> , finest seedlings, 1 to 2 feet.....	1 00
<i>Gelsemium Sempervirens Pleno</i> , double flowered Carolina Jasmine; an exceedingly beautiful climber; rich yellow flowers.....	50	* <i>Catawba grandiflora</i> , 2 to 3 feet, bushy.....	2 50
<i>Gordonia pubescens</i> , flowers from July to the end of September; beautiful white magnolia-like flowers.....	50	* <i>Caucasica Alba</i> , white.....	\$1 00 to 1 50
<i>Hydrangea Pekinensis</i> , new, hardy <i>Hydrangea</i> ; a very handsome shrub.....	1 00	* <i>Maxima</i> , large leaved, 1 to 2 feet.....	50 cts. to 1 00
<i>Hypericum Patulum</i> , flowers in bunches, pale yellow and of great substance, resembling much in appearance the beautiful <i>Gardenia Javonica</i>	25	* <i>Maximum rubrum</i>	1 00
<i>Japonicum</i> , a pretty dwarf plant, flowers golden-yellow.....	25	* <i>Punctatum</i> , a very rare species.....	1 00
<i>Triflorum</i> , very large golden-yellow flowers, one of the very finest <i>Hypericums</i>	50	* <i>Finest named Hybrids</i> , with flower buds.....	\$1, 1.50 to 2 00
<i>Idesia Polycarpa</i> , a very beautiful new Japanese tree. The flowers are of a yellowish-green. They are deliciously fragrant, their odor resembling that of a <i>Vanda</i> . These are followed by numerous orange berries, about as large as a small cherry.....	50	* <i>Sciodypythis Verticellata</i> (Umbrella Pine), the most distinct and beautiful of Pines. Every lover of Evergreens should grow it.....	1 00
<i>Japanese Persimmon</i> (<i>Diospyros Kaki</i>), fine varieties.....	50	<i>Spirea Bumalda</i> , a very pretty dwarf compact shrub; blooms very freely during summer; rose-colored flowers.....	25
<i>Ligustrum Japonicum Tricolor</i> , a very fine variegated shrub, centre of leaf green, broadly margined with silver.....	25	<i>Conspicua</i> , a very showy new <i>Spirea</i>	30
<i>Quihoui</i> , a new Japanese species with small foliage, very distinct and pretty shrub.....	25	<i>Crispifolia</i> , bright rose.....	25
<i>Sinensis nana</i> , a handsome dwarf species.....	25	<i>Rotundifolia Alba</i> , pure white.....	25
<i>Magnolia grandiflora</i>	50 cts. to 2 50	<i>Staphylea Colchica</i> , a very beautiful hardy shrub, flowers in early spring, pure white in clusters. Forces well.....	25 cts. to 50
<i>Halli</i> or <i>Stellata</i> , pure white flowers in February and March.....	1 00	* <i>Stuartia Pentagynæa</i> , a scarce and beautiful native shrub, with large, pure white flowers, very desirable, quite hardy.....	50
<i>Lennii</i> , purplish-crimson, immense flowers.....	50 to 1 00	* <i>Monodelphia</i> , a fine Japanese species.....	25
<i>Macrophylla</i> , immense foliage and large white flowers.....	1 00	<i>Styrax Japonica</i> , this is one of the finest hardy shrubs, of vigorous compact growth; blooms early and most profusely; the plants are sheets of bloom, which are pure white, most charming, admirably adapted for cemeteries.....	25
<i>Soulangeana</i> , upper petals white, under purple.....	50 cts. to 1 00	<i>Grandifolia</i> , a fine native <i>Styrax</i>	25
<i>Stricta</i> , purple.....	50 to 1 00	<i>Syringa</i> (<i>Lilac</i>), <i>Hyacinthiflora pleno</i> . A magnificent double flowered lilac; large thyrse of rich double lilac flowers.....	50
<i>Thurberi</i> , pure white.....	50 to 1 00	* <i>Japonica</i> , a new species from Japan, grows 30 feet high; very broad leaves and large heads of flowers.....	1 50
Many other fine <i>Magnolias</i>		<i>Lemoinei pleno</i> , another magnificent double flowered lilac, with immense thyrses of delicate rose-colored flowers; a grand and exceedingly beautiful plant.....	50
<i>Muhlenbeckia Complexa</i> , an exceedingly pretty trailing plant, with small round leaves thickly set upon the branches, having very much the appearance of a <i>Maiden Hair Fern</i>	25	<i>Rubella pleno</i> , immense thyrse of double mave-colored flowers; a grand variety.....	50
<i>Neviusia Alabamensis</i> ("Snow Wreath"), a new nativeshrub of great beauty. It occurred in thickets under a long escarpment of rock, and, when in full bloom, looked like a snow wreath. In its native place it had a southern exposure at the base of a high cliff, and at an elevation above the tops of the trees below; at that place I have seen virgate wreaths of it 3 feet long covered with bloom.....	30	<i>Renoncule</i> , very double, <i>Ranunculus</i> -shaped, color azure-mauve, immense thyrse, very fine.....	50
<i>Othra Japonica</i> , a beautiful Holly-like evergreen from Japan, hardy south.....	50	<i>Weeping Mulberry</i>	75
<i>Philadelphus Yokohama</i> , much the handsomest of all the <i>Mock Oranges</i> . It is of free growth; and produces its large, pure white, sweet-scented flowers in drooping wreaths 3 to 4 feet long. It is also the latest bloomer.....	50	<i>Dogwood</i>	25
<i>Pæonia Moutan Banksiæ</i> , double Chinese Tree <i>Pæony</i> . A magnificent flowering shrub, quite hardy.....	50 cts. to 1 00	<i>Wiegelia Beranger</i> , flowers crimson, very free.....	25
<i>Philodendron Amurensis</i> , a pretty medium sized tree from the Amour, pinnated foliage, produces the Siberian Cork. "In autumn the coloration of the leaves, which is bright red, is very fine. It retains its foliage very late".....	50	<i>August Wilhelm</i> (new), rosy-amaranth.....	25
		<i>Candida</i> (new), the finest and purest white.....	25
		<i>Ed. Andre</i> , a very beautiful new variety, interior of flower purple, exterior very dark blackish-purple.....	20
		<i>De Jussieu</i> , rosy-carmine, yellow centre.....	25
		<i>Gavarni</i> , beautiful rose-carmine.....	25
		<i>Grandiflora Alba</i> , a grand flower, purest white.....	25
		<i>Incarната</i> , a beautiful bright colored variety.....	20
		<i>Jean Mace</i> , purple.....	20
		<i>John Standish</i> (<i>Japonica</i>), large flowers of purplish-crimson.....	20
		<i>Montesquieu</i> (new), reddish-crimson, fine.....	25
		<i>Othello</i> , carmine.....	25
		<i>Voltaire</i> (new), reddish-purple, spotted yellow.....	25
		<i>Zanthoceras Sordifolia</i> , this is one of the most beautiful hardy shrubs. Flowers during April at the same time as the leaves, and are disposed in racemes which attain a height of eight inches. They are white, having a slight fleshy tint and reddish-copper colored at the base, shading off to a purple-violet.....	40

CLEMATIS.

Among the most beautiful of climbing plants are the Clematis—whether trained over lattice work, on pillars, or trailing on the ground. There can now be found among them great variety of colors; all are profuse bloomers and quite hardy; mostly in one and two year old plants.

WARRENTON, VA., May 25th, 1888.
MR. SAUL:—I wish you could see my Clematis which I got from you. They are the show of the country.
Yours, &c., VIRGINIA LOMAX.

CLASS I.

Perpetuals, summer and autumn bloomers flowering on shoots of the same year's growth, raised between Lanuginosa and Viticella, except those marked with (s), which are species.

	Each.		Each.
Clematis, Alba Magna (new), large, pure white flowers; a magnificent Clematis.....	50	Clematis, Lady Constance Kennedy.....

Nægelia, Helene, crimson throat, white pointed with crimson.

Mad. Jehenne (new). 50 cents.

Mad. Van Houtte, bright rose, sprinkled with carmine.

Pierrot, pale yellow, spotted with carmine, throat golden-yellow, tube carmine.

Price 25 cents each; \$2.50 per dozen.

GLOXINIAS.—Class 1.

The varieties of this genus are all very handsome, producing abundance of magnificent flowers of a most beautiful description. The tubers should be potted in February or March. Place in a little heat to start them into growth; water sparingly till the plants are well established. When in bloom bring them into the conservatory or drawing-room. After the plants have done blooming dry gradually off, by withholding water from their roots; afterwards remove them to a warm, dry place.

The following are superlatively beautiful:

Those marked thus (e) have erect flowers.

Gloxinia, Agnes M. Saul, (*Saul*), light crimson scarlet, large flower, very fine.

Byron, white ground; the margin of the limb is amaranth festooned with purple.

Baron A. de Rothschild (e), very large, white, completely reticulated and spotted with carmine.

Cardinal de Richelieu (e), creamy yellow, throat spotted with purple and ornated with a rich violet.

Cinderella (e), pure white with pink band, most beautiful.

Duchess of Teck, large drooping flowers of a rich magenta, shaded with maroon; the ground color is lighter at the edge of the lobes.

Ernst Banary, dark lavender, mottled with white; a beautiful flower.

Eclipse (e), rosy crimson with lighter margin, very bright; throat violet.

Francis Saul (*Saul*), blue, deep purple throat, spotted, a large finely formed flower.

Fontenelle, purple throat, light margin.

Henry Husson, white, with a lavender lip, a large showy flower; beautiful.

Harry Veitch, violet, throat lavender.

Lancelot, very rich deep purple, extra.

Gloxinia, Jos. Souleary, deep crimson, white margin, very beautiful.

La France, white, striped with claret-red at the orifice of the corolla, lobes dotted with lilac.

Madame Hatti, scarlet, throat deep red shaded with purple, slightly blotched with white.

Miss Hannah de Rothschild, large white, tinted with purple; throat purple shaded mauve.

Milton (e), indigo shaded violet; the lobes have a white margin spotted with violet.

Mrs. Wm. Bull, rosy red flaked and bordered with white.

President Cleveland (*Saul*) (e), a large and beautiful flower, purplish crimson, margined white.

Prince Arthur, a large deep purple flower, the two upper lobes and margin light purple.

Rosy Morn, (e) flowers of fine form, rosy scarlet, very attractive.

Scarlet Gem, crimson scarlet, extra fine.

Sang Gaulois (e), a rich bright red color with golden reflections; dull red throat.

Theresa Saul (*Saul*), white, with crimson lips, fine.

Zoroaster (e), large fine flower; bright rose.

Price 25 cts. each; \$2.50 per dozen.

NEW GLOXINIAS.—Class 2.

Gloxinia, Amethyst (e), azure blue, lighter towards the edges of the lobes; throat white.

Andre Vesale (e), white ground, spotted all over with purple, very fine.

B. S. Williams, flowers very squat, very intense fiery vermilion.

Bayard (e), beautiful lilac crimson, throat spotted.

Bijou.

Cleopatra, very dark scarlet-crimson; throat spotted.

Cygnat (e) pure white, the lobes broadly margined with soft pink; very pretty.

Diamant.

Guzman (e) white dotted with violet.

Hydra (e), white margin with pale rose, marked with bright rose at the intersections of the lobes.

Jonathan (e), white ground, with a bar of delicate lavender on each petal.

Lemoinei, purple, white margin, light throat.

Louis Castle (e), a very large flower, throat pure white, broad violet margin.

Gloxinia, Livingston, rich velvety crimson, shaded with violet and margined with rosy lilac.

Malabar, lobes pale rose; centre of lobes and mouth bright crimson; light throat shaded with violet.

Modiola (e), deep rich velvety crimson, margined with rose, the mouth being shaded with dark maroon; light throat, freckled with crimson.

Mad. Bleu.

Mogul.

Perle.

Rubis (e), velvety cherry red, tube rosy white.

Sabrini, intensely deep crimson, the lobes margined with pale rose; light throat freckled crimson.

Stanley (e), white, entirely streaked with violet, blotched with carmine at the intersection of the lobes, throat straw yellow, spotted with carmine rose.

Thalia, throat white spotted with crimson, limbs stained with pale mauve, spotted.

Vicomte de Condeixa.

Price 50 cts. each; \$4.50 per dozen.

Price, 3-inch pots, 25 cents each, \$2.50 per dozen; 4-inch pots, 30 cents each, \$3.00 per dozen; 5-inch pots, 50 cents each, \$5.00 per dozen (save where priced). Extra sizes extra prices.

AZALEA AMENA AND VARIETIES.

The varieties of *A. Amœna* bloom early and are very desirable for greenhouse culture or for forcing. They are nearly or quite hardy in this latitude.

Azalea, Amœna, bright, rosy purple, flowers small, hose-in-hose fashion, very distinct, quite hardy.
Caldwelli, a very beautiful variety of flowers, bright Indian red.
Mrs. Carmichael, a hybrid between *Amœna* and *Stella*, color a rich magenta, shaded with crimson.
Princess Beatrice, light mauve, slightly spotted in the upper petal segment, flowers round and of good shape, sometimes produces double flowers.
Prime Minister, flowers small, produced in clusters of from three to five or more, of a soft pink, with a deeper shade of the same towards the base.

Price, 3-inch pots, 25 cents each, \$2.50 per dozen; 4-inch pots, 30 cents each, \$3.00 per dozen; 5-inch pots, 50 cents each, \$5.00 per dozen.

SELAGINELLAS.—Lycopodium.

	Each.

| * <i>Chamærops Humilis</i> , leaves fan-shaped, glaucous..... | 1 50 |
| * <i>Arborea</i> | |
| * <i>Elegans Argentea</i> , a fine variety of <i>Humilis</i> | |
| * <i>Excelsa</i> , leaves fan-shaped, a cool greenhouse Palm, very valuable and useful for outdoors during the summer..... | 25 cts. to 1 00 |
| * <i>Cocos Weddelliana</i> , perhaps the most elegant of all the smaller Palms, of which so many charming species are now to be found in cultivation, its slender erect stem is not of rapid growth, but is freely furnished with its gracefully arching leaves, made up of innumerable long, narrow pinnæ or segments of a rich green color..... | 50 cts. to 1 50 |
| <i>Plumosa</i> , another very beautiful species of tall, free growth..... | 50 cts. to 2 00 |
| * <i>Cycas Revoluta</i> , (<i>Sago Palm</i>) produces a beautiful crown of pinnated dark green leaves..... | \$1.00 to 5 00 |
| * <i>Media</i> , a noble <i>Cycas</i> from Australia..... | \$1.00 to 2 00 |
| * <i>Euterpe Edulis</i> | 1 00 |
| * <i>Kentia, Australis</i> , of exceedingly graceful habit, the leaves being pinnate, finely divided and elegantly arranged, and of a beautiful dark green..... | \$1.00, \$1.50 to 2 50 |

- | | Each. |
|--|----------------------------------|
| * <i>Kentia, Balmoreana</i> , this fine Palm is a valuable addition to our collections; its leaves are pinnate, dark green, and so beautifully crisp as to gain for it the name of the "Curly Palm." It is very elegant and graceful in habit..... | \$1.00, \$1.50 to 2 50 |
| * <i>Canterburyana</i> , this is a truly handsome species, with pinnate leaves and very robust habit; it is called in its native country the "Umbrella Palm." It is an exceedingly ornamental plant, and well adapted for decorative purposes..... | \$1.00, \$1.50 to 2 50 |
| * <i>Fosteriana</i> , in habit somewhat resembling the preceding species, but more robust in its habit and growth, and thoroughly distinct; the leaves are broader in all their parts and darker in color..... | \$1.00, \$1.50 to 2 50 |
| <i>Mooreana</i> , a very rare and beautiful new species..... | |
| * <i>Latania Borbonica</i> , leaves large, fan-shaped with pendant marginal segments, bright green tint, one of the handsomest and most useful Palms in cultivation..... | 25 cts., \$1.00 to 2 50 |
| <i>Erecta</i> | |
| <i>Commerstonii</i> (<i>L. rubra</i>), a very distinct and fine Palm, small plants..... | |
| <i>Lucuala Speciosa</i> | 1 00 |
| * <i>Oreodaxa Regia</i> | 25 cts., 50 cts. to 1 00 |
| <i>Oleracea</i> | 25 cts. to 50 |
| * <i>Phoenix Dactylifera</i> (<i>Date Palm</i>), the leaves long, pinnate, dark green, a handsome plant..... | 25 cts. \$1.00 to 1 50 |
| <i>Canariensis</i> | 25 cts. to 1 00 |
| * <i>Dumosa</i> , dwarf habit..... | \$1.00 to 1 50 |
| * <i>Reclinata</i> , leaves pinnate, exceedingly graceful, a fine greenhouse Palm or for the flower garden during summer. Fine for decoration, being very graceful..... | 25 cts., 50 cts., \$1.00 to 2 00 |
| * <i>Rupicola</i> , this is one of the most exquisitely graceful amongst Palms, and in elegance takes a similar place to that of <i>Cocos Weddelliana</i> . It is of acaulescent habit, with wide-spreading arching pinnate leaves; a most valuable acquisition..... | 25 cts., 50 cts., to 1 50 |
| <i>Spinulosa</i> | |
| <i>Tenuis</i> | |
| * <i>Sabal Adansonii</i> (<i>palmetto</i>), a pretty dwarf Palm..... | 50 cts. to 1 50 |
| <i>Umbraculifera</i> | 50 cts. to 1 50 |
| * <i>Seaforthia Elegans</i> , this is a most graceful Palm eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth, a grand decorative plant. (See last page of cover)..... | 30 cts., \$1.50 to 2 50 |
| <i>Rhapis Flabelliformis</i> , this unique Palm cannot be too highly recommended for decorative purposes, or as room ornament in jardinières it is unsurpassed. It is not injured by gas or electric light..... | \$1.00 to 2 50 |

		<i>V. Lemoine</i> , fine broad green foliage, flowers orange-scarlet.	

Price 15 cents each; \$1.50 per dozen (save where priced). My selection 10 cents each; \$1.00 per dozen.

SUMMER VINES OR CLIMBERS.

<i>Antigonon Leptotus</i> , a beautiful plant, with numerous racemes of rose-colored flowers. The profusion of its blooms is such as to give the resemblance of <i>Roses</i> at a distance, hence one of the Mexican names is " <i>Rosa de Montana</i> ," or <i>Mountain Rose</i>	25	<i>Cobæa Scandens</i> , a very rapid growing vine, flowers purple.....	15
<i>Ipomæa Insignis</i> , crimson flowers, excellent for planting out during summer.....	25	<i>Alba</i> , white flowered.....	15
<i>Mortoni</i>	20	<i>Clittoria Alba</i> , a pretty white variety.....	20
<i>Schottii</i>	20	<i>Cœrulea</i> , a climbing plant of moderate growth, which flowers freely during summer; flowers in clusters of deep mazarine-blue, pea-shaped.....	20
<i>Siniata</i> , white, cerise centre, fine rapid grower for outdoors during summer.....	20	<i>Lophospermum Scandens</i> , rapid grower, flowers rosy-crimson.....	15
<i>Apios Tuberosa</i> , a valuable, hardy, tuberous-rooted climber, closely resembling the common <i>Wistaria</i> in vine and foliage, and having clusters of rich, deep purple flowers.....	15	<i>Madeira Vine</i> (<i>Boussingaultia Basseloides</i>), a vine of rapid growth with fragrant white flowers.....	\$1.00 per doz., 10
		<i>Maurandia Rosea</i> , flowers of bright rose.....	15
		<i>Barclayana</i> , a very elegant vine, flowers purple.....	15
		<i>Alba</i> , a fine white variety.....	15

	Each.		Each.
Manettia Cordata , a climbing plant, which succeeds admirably bedded out during summer. The flowers are orange-scarlet and given in the greatest profusion.....	20	Pharbitis hispida Dickensonii , fine azure-blue Morning Glory.....	25
Moon Flower or Evening Glory (<i>Ipomæa Nodiflora</i> or <i>Callanctyon Grandiflora</i>), an exceedingly vigorous grower, which opens during night; flowers very large, pure white.....	20	Physianthus Albans , a fine climber, with white flowers.....	20
		Solanum Jasminoides , flowers rosy-purple, free growth.....	20

GREENHOUSE VINES OR CLIMBERS.

Allamanda Hendersonii or Wardleiana , a distinct and beautiful species which blooms quite small and continues flowering nearly the whole year; the flowers are circular, of great substance, color of a rich deep yellow, fine habit,.....	30	Passiflora, Coerulea , cerulean blue, a beautiful old variety, nearly hardy, requires only slight protection.....	20
Cathartica , fine rich yellow, free.....	30	Decaisneana , lilac-purple, large fine variety.....	25
Nobilis , a distinct and beautiful new species, flowers equally as large as the finest form of <i>A. Hendersonii</i> , of a pure rich yellow, but which are greatly superior in form to others in cultivation, by their large firm lobes being more widely imbricated.....	30	Incarnata , this variety is perfectly hardy in this latitude. In very severe winters it is killed to the ground, but on the return of spring it puts out with great vigor, growing luxuriously and flowering profusely during the summer months; similar in color to <i>Cœrulea</i>	15
Nerifolia , flowers smaller but most profuse, yellow.....	30	Imperatrice Eugénie , rosy-lilac, filaments of the corona violet and white leaves, three lobed, dark green.....	30
Bougainvillea Glabra , this is the freest grower and bloomer of the genus, color a rosy pink.....	40	Lawsonii , very fine blue.....	25
Bignonia Venusta , a beautiful free growing winter climber, flowers orange.....	30	Loudonii , crimson, fine.....	25
Chamberlaynii , fine, deep yellow.....	50	Pfordti , bluish-purple, free.....	25
Speciosa , a very splendid species, flowers white, shaded lavender.....	40	Princeps , flowers rich crimson, a very fine greenhouse climber.....	40
Cissus Amazonica , amazonian.....	25	Quadrangularis Variegata , foliage variegated with yellow.....	25
Discolor , foliage beautifully shaded with silver-crimson and purple.....	25	Schmittii , bright carmine.....	25
Porphyrophyllus , large and fine foliage.....	25	Trifasciata , leaves dark green, tri-lobed, each lobe having a broad central band of rose, a very distinct Passion flower, flowers white.....	20
Campidium Filicifolium , a free growing slender woody climber from the Fiji Islands. The leaves, from their size and form, are strongly suggestive of fronds of some small growing pinnate <i>Asplenium</i>	20	Rhyncospermum Jasminoides , a lovely winter blooming climber, with white fragrant Jasmine-like flowers.....	20
Hardenbergia Comptoniana , pretty greenhouse climber, with rose and purple flowers.....	40	Variegata , variegated leaves.....	25
Hexacentris Mysorensis , a beautiful climbing plant, flowers yellow and crimson.....	50	Stygmaphyllum Ciliatum , a pretty vine, with yellow flowers.....	40
Myrsiphyllum Asparagoides , (<i>Smilax</i>), beautiful climber for wreaths, &c.....	10 cts. to 20	Tacsonia, Buchananii (<i>Vitifolia</i>), another magnificent conservatory climber, with rich pink, most profuse bloomer, and one of the finest Passion flowers.....	25
Mandevilla, Suaveolens , greenhouse climber, with lovely white fragrant flowers.....	20	Exoniensis , color a glowing scarlet; a rich and very beautiful Passion flower.....	50
Passiflora Alba , white passion flower.....	25	Van Volxemii , scarlet Passion flower.....	25
Alata , petals reddish-crimson, blue filaments, sweet-scented.....	25	Tecoma Jasminoides , flowers white, with crimson centre, a lovely climber.....	15
Arc-en-ciel , very large flowers, raised part pure white, centre citron-colored, outer circle dark, inner circle white shading to blue.....	25	Thunbergia Laurifolia , this magnificent climber cannot be too highly praised. To the Florist, and all who require winter blooms, it is indispensable, as it flowers in the greatest profusion during the winter months. Color delicate violet blue.....	40
Constance Elliott , See Novelties.....		Fragrans , another valuable winter blooming plant, flowers pure white, and free flowering.....	20
Cardinalis , scarlet flowers, greenhouse climber.....	25		
Passiflora, Coccinea , scarlet.....	25		
Buist's Hardy , blue, free bloomer.....	25		

MISCELLANEOUS GREENHOUSE AND HOTHOUSE PLANTS.

BAMBOOS, GRASSES, &c.

Arundo Donax Variegata, this is the most stately and graceful of all known variegated grasses of the garden. Leaves 1½ to 3 feet in length, marked with broad silver stripes or margins their whole length.....	50	Gynerium Argenteum, Pampas grass.....	25
Erianthus Ravennæ, a tall reed-like grass, hardy.....	25	Bambusa Fortunei Variegata, beautifully variegated Palm-like leaves; it is a very ornamental plant.....	20
Eulalia, Japonica Variegata, leaf long, variegated. The flower stems are from 3 to 4 feet high, and produce loose panicles of flowers, when they become elegantly curled, closely resembling "Ich Dien" feathers.....	20	Aurea, golden.....	25
Japonica Zebrina, the variegation in this lovely grass is across the leaf instead of longitudinally. It grows from 4 to 5 feet in height, is a most strikingly graceful plant. Its flower spikes are equally beautiful and valuable as <i>E. Japonica</i>	25	Metake.....	25
Gymnothrix Japonica, Japanese grass.....	20	Ragamowski.....	25
		Violescens.....	25
		Simonii.....	25
		Striatifolia Aurea, the handsomest of the hardy Bamboos, requires a moist situation during summer.....	25
		Panicum Variegatum, beautiful trailing grass for baskets.....	15
		Phalaris Arundinacea Variegatum, ribbon grass.....	10
		Stenotaphyrum, Glabrum Variegatum, a fine silvery variegated grass.....	10

HYDRANGEAS.

Hydrangea, Acuminata, this exceedingly beautiful new variety has large heads of pink flowers, withstands the sun well.....	20	Hydrangea, Otaksa, flowers large, bright pink, tinged with blue, last a considerable time, a splendid plant.....	20
Climbing Hydrangea (see New Trees and Shrubs).....		Paniculata Grandiflora, a highly ornamental shrub, with enormously large dense flower heads, opening pure white and tinted with rose in their mature bloom, flowers profusely during the summer, and perfectly hardy.....	25
Glaucæ or Nivea, a native species, flowers white.....	25	Thunbergii Flora Percis, a distinct species, much smaller foliage, and flat cymes of pretty blue flowers.....	20
Hortensis, the well-known garden variety, has immense heads of beautiful pink flowers.....	20	Thomas Hogg, flowers are of the purest white, of very firm texture, and continue in flower for a great length of time.....	20
Elegantissima, a very beautiful new variegated Hydrangea, foliage striped, spotted and splashed with yellow, very handsome.....	20	Rosea, a beautiful new Japanese variety, flowers bright rose, a good grower and free bloomer.....	25
Imperatrice Eugénie, large heads of pink flowers, tinted with blue.....	20	Variegata Speciosa (new), in this striking variety the margins of the leaves are green, with a broad white band passing through the centre.....	25
Involucræta Vera, a beautiful and distinct new species.....	20		
Mad. Von Siebold, a fine new Hydrangea.....	20		
Stellata Flora Pleno, flower heads very large, double, of a bright pink.....	25		
Ramis pictis.....	20		

EVERGREENS.

We have a large stock of Evergreen Trees and Shrubs at low rates. Small plants can be sent by Mail. Catalogue on application.

Each.	Each.
Aucuba, Japonica , the mottled leaves of this fine evergreen have long formed one of the most familiar objects in cultivation, but the scarlet berries have appeared but of late in consequence of the absence until recently of male plants. There are quite a number of fine varieties recently introduced, differing in the form or variegation of the leaf.....	
Himalaica , a fine evergreen, broad, green, leaves.....	50
The following are some of the finest varieties:	
Aucuba, Japonica Maculata	25 cts. to 50
Alba Variegata	25 cts. to 50
Bicolor (mas.)	50
Elegans (fœm.)	25 cts. to 50
Grandis (fœm.)	25 cts. to 50
Latima culata (fœm.)	30 cts. to 50
Fœmina Vera (fœm.)	30 cts. to 50
Longiflora (fœm.)	30 cts. to 50
Mascula (mas.)	30 cts. to 50
Marginata (fœm.)	30 cts. to 50
Macrophylla (fœm.)	30 cts. to 50
Media lutea (fœm.)	30 cts. to 50
Aucuba, Picta (fœm.)	30 cts. to 50
Sulphurea (fœm.)	30 cts. to 50
Euonymus Japonica , in great variety.....	50 cts. to 1 00
Retinosporas , 12 varieties.....	50 cts. to 1 00
Helianthemum , this is a pretty class of dwarf trailing shrubs, suitable for rock work, baskets, &c.....	20
Cupreum pleno , double, copper colored.....	20
Alba Pleno , double white.....	20
Purpurea pleno , double purple.....	20
Aurantea pleno , double orange.....	20
Lutea pleno , double yellow.....	20
Irish Junipers	25 cts. to 1 00
Yews , 3 to 4 feet.....	25
Yucca, Filamentosa	15 cts. to 25
Augustifolia	50
Superba	50
Recurva	25 cts. to 50
Flaccida	15 cts. to 25
Gloriosa	50 cts. to 1 00
Stenophylla (new)	50 cts. to 1 00
Rupestis tortifolia	50
Graminafolia	25 cts. to 50

HARDY VINES OR CLIMBING PLANTS.

Akebia Quinata , very distinct and beautiful.....	25	Hedera, Atropurpurea , this variety has remarkably dark leaves.....	25
Ampelopsis Variegata , variegated fine hardy climber.....	25	Chrysocarpa , golden berried.....	15 cts. to 25
Veitchii or Tricuspidata , a miniature foliaged Virginian Creeper which clings to any building with the tenacity of the strongest Ivy, 15 to 20		Conglomerata , a distinct and remarkably beautiful Ivy.....	30
Muralis , attaches to walls like Ivy.....	25	Dahurica , dahurican.....	25
Dissecta	25	Dentata , dentate, robust.....	25
Davidiana (new)	25	Donerailense , miniature.....	15 cts. to 25
Royalii (new) , in the way of <i>Veitchii</i> , but a more vigorous plant, and rapid grower.....	15 cts. to 25	Gracilis , slender branched.....	15 cts. to 25
Aristolochia Sipho (Dutchman's Pipe).....	25	Inequiloba , irregularly lobed.....	15 cts. to 25
Bignonia Grandiflora , orange-scarlet flowers.....	25	Palmata , palmated.....	15 cts. to 25
Capreolata , a beautiful evergreen climber.....	30	Roegneriana , large foliage.....	15 cts. to 25
Clematis (see special Collection).....		Rhombia Obovata , very distinct.....	15 cts. to 25
Gelsemium Sempervirens (Carolina Jasmine), a lovely climber, with fragrant yellow flowers, Pleno, double.....	50	Vitifolia , beautiful, large and distinct foliage.....	25
Hedera (Ivy) , variegated.....	25	Lonicera (Honeysuckle), a large collection.....	25
Aurantiaea , golden berried.....	25	Fuchsiodes (new), a very handsome new Japanese Honeysuckle.....	20
Aurea Maculata , foliage blotched with gold.....	25	Plantierensis , new and fine.....	20
Hibernica Variegata (new).....	25	With a large collection of varieties.	
Japonica Argentea , small, margined silver.....	25	Wistaria Consequana , blue.....	25
Marmorata (Latifolia Maculata), an Irish Ivy, with marbled foliage.....	25	Consequana Alba , white.....	30
Elegans , marbled silver foliage.....	25	Frutescens , blue.....	25
Cutissii , silver margined.....	25	Magnifica , blue.....	25
Elegantissima , margined yellow.....	25	Nivea , white.....	25
Pulchella , small, margined yellow.....	25	Double flowered (flora pleno) , a new beautiful double flowered Wistaria.....	30
Rhombia Variegata , margined silver.....	25	Japonica Bachybotris	30
Tricolor , margined silver and tipped rose.....	25	Macrobotrys	30
Plain leaved.		Mutiuga (new), flowers lilac-purple and white, grand racemes over two feet long.....	30
Canariensis (Irish), large leaved.....	15 cts. to 25	New Japanese , color purple, darker than any other Wistaria.....	30

These are very fine and distinct new Wistarias.

Selections from the above beautiful Climbers, \$1.50 and \$2.50 per dozen by Mail.

*COLLECTIONS OF PLANTS.

Our collections of Plants are well selected and have given in past years the greatest satisfaction to our Customers; they will be packed and delivered at Express Office (will not be forwarded by Mail) in our city, at any time during Spring months—the varieties being our selections. None but best varieties and good plants will be sent:

*\$20 COLLECTION OF PLANTS.

12 Monthly Roses.	6 Fine Double Dahlias.	4 Pelargoniums.
4 Perpetual Roses.	2 Blue Sage.	4 Silver Variegated Geraniums.
12 Nosegay and Zonale Geraniums.	4 Monthly Carnations.	6 Gladiolus.
6 Double Geraniums.	2 New Feverfew Prince Arthur.	6 Gold and Bronze Geraniums.
4 Sweet Scented.	1 Caladium Esculentum.	8 Petunias.
2 Ivy-Leaved.	12 Verbenas.	2 Vincas.
2 Double Ivy-Leaved.	6 Heliotropes.	2 Ornamental Grass.

6 Chrysanthemums, new.
6 Lantanas.
6 Begonias.
8 Cannas, assorted.
4 Scarlet Sage.
4 Azaleas.

4 Alternantheras.
8 Fuchsias.
8 New Coleus and Iresine.
2 Lemon Verbenas.
6 Hardy Phlox.
6 Tube Roses.

4 Iris Kempferi.
6 Pæonies.
2 Crape Myrtles.
2 Summer Climbers.
2 Hydrangeas.

New Plants.

1 Dieffenbachia.
2 Crotons.
2 New Pelargoniums.
1 Rose, American Beauty.
1 New Pellionia.

2 New Double Geraniums.
6 New Zonales.
4 Tuberous Begonias.
4 New Clematis.
1 Streptosolen Jamesonii.

4 New Roses.
2 Hibiscus.
4 Handsome Palms.
1 Primula Obconica.

*\$15 COLLECTION.

10 Monthly Roses.
4 Perpetual Roses.
8 Zonale and Nosegay Geraniums.
6 Double Geraniums.
4 Sweet Scented Geraniums.
2 Ivy-Leaved Geraniums.
2 Double Ivy-Leaved.
8 New Coleus and Iresine.
2 Lemon Verbenas.
6 Chrysanthemums.
4 Lantanas.
2 Azaleas.

12 Verbenas.
6 Heliotropes.
2 Alternantheras.
4 Scarlet Sages.
6 Fine Double Dahlias.
4 Monthly Carnations.

1 Rose, American Beauty.
1 Primula Obconica.

*\$10 COLLECTION.

Embraces the collection of plants as in the \$15 collection, from Monthly Roses to Hydrangeas, inclusive.

*\$5 COLLECTION.

Half the \$10 collection.

*PLANTS FREE BY MAIL.

We have for some years forwarded plants in large numbers by mail to the most distant parts of the Union, as Texas, Utah and Pacific Coast with perfect success. All of which are properly labelled and carefully packed in boxes or oiled paper. The following plants will be sent by mail, prepaid, our selection, at the prices annexed, or any new plant can be forwarded in the same way. No order for less than one dollar will be filled. This rule is necessary, as the mailing of one or two cheap plants will not compensate us, in the hurry of business, for the time and labor of packing, directing, pre-paying postage, etc.

Either of the following collections free by mail, for \$1.00.

10 Achyranthus, assorted.
10 Alternantheras, assorted.
6 Ampelopsis.
8 Aquilegias, assorted.
10 Ageratums, "
8 Abutilons, "
4 Azaleas, "
10 Basket Plants, assorted.
10 Bedding Plants, our selection.
8 Begonias, assorted.
8 " Tuberous rooted.
8 Bouvardias, assorted.
6 Carnations, distinct sorts.
2 Camellias, double, with buds.
8 Chrysanthemums, assorted.
10 Coleus, distinct.
4 Cactus.
10 Pansies, fine fancy varieties.
10 " new Hybrid Viola.
2 Palms.
4 Pæonias, Herbaceous.
25 Packets Flower Seeds.
6 Primulas, assorted.

8 Centaurias.
10 Cineraria Maritima Candidissima.
6 Cannas, a-sorted.
6 Coleus, new.
6 Caladiums, assorted.
4 Clematis, large flowered.
4 Crotons, assorted.
4 Cyclamen persicum, assorted.
2 Dracenas, assorted.
8 Dahlias, "
8 Echeverias, "
8 Fuchsias, "
8 Ferns, fine assorted species.
10 Geraniums, Zonale and Nosegay.
10 " Double.
8 " Variegated.
8 " Sweet scented, ass'd.

6 Hardy Shrubs, "
6 Honeysuckles, "
4 Jasminums, "
10 Lantanas, "
10 Lobelias, "
4 Marantas, "
4 Oleanders, "
12 Petunias, double and single, ass'd.
8 Penstemons, assorted.
8 Phloxes, "
10 Pansies, fine strain.
8 Tradescantias.
8 Tube Rose, pearl.
16 Verbenas, all colors, assorted.
6 Veronicas.
6 Violets, blue, purple, white, &c.,
assorted.

We will send six of the above collections for \$5.00. Fourteen for \$10.00.

All plants suitable for mailing at Catalogue rates. Not less than one dollar's worth sent in one order. Premiums on all orders, and in proportion to amount ordered.

CLUB TERMS.

We offer as an inducement to those willing to get up a Club, the following reductions from Catalogue prices:

On a club order to amount of \$5.00, you may select Plants or Bulbs to amount of \$5.50.							
"	"	"	10.00,	"	"	"	12.00.
"	"	"	15.00,	"	"	"	18.00.
"	"	"	20.00,	"	"	"	25.00.

The plants intended for each person will be selected and made into separate parcels, and all mailed or shipped to one address. These discounts apply to Catalogues 5 and 6 only, and don't embrace plants marked * or low priced lists.

CEDRUS DEODARA.

One of the most graceful and beautiful of evergreens; hardy in this city and South; Price, 12 to 18 inches high, 75 cents each.

MR. LEE. "Why, Addie, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wish you would follow her example."

MRS. LEE. "Yes: and last week you said you wished I could manage to look as stylish as Mrs. Allen,—and she makes all her own clothes. But she has what I haven't."

MR. LEE. "What is that?"

MRS. LEE. "Well, she gets all of her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation; but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more, in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take **Demorest's Family Magazine**, as the stories are so good. Even the Allen boys watch for it every month, as a place is found for them, also, in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

MR. LEE. "Well, perhaps I had better send for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."

MRS. LEE. "I see that W. Jennings Demorest, the publisher, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."

Send 10 cents for a Specimen Copy of "**Demorest's Family Magazine**," containing an Order for a Pattern worth 30 cents, to **W. Jennings Demorest, 15 East 14th Street, New York**. Liberal commissions offered to local canvassers.

I was awarded the following Premiums at the
Cincinnati Industrial Exposition.

SEPTEMBER, 1884—GLADIOLUS AND DAHLIAS.

And the following at a former Exposition:

FIRST PREMIUM—"BEST GROUP OF CROTONS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF CROTON."

FIRST PREMIUM—"BEST GROUP OF DRACÆNAS."

FIRST PREMIUM—"BEST GROUP OF MARANTAS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF MARANTA."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF DIEFFENBACHIA."

SECOND PREMIUM—"SECOND BEST GROUP OF VARIEGATED FOLIAGE PLANTS."

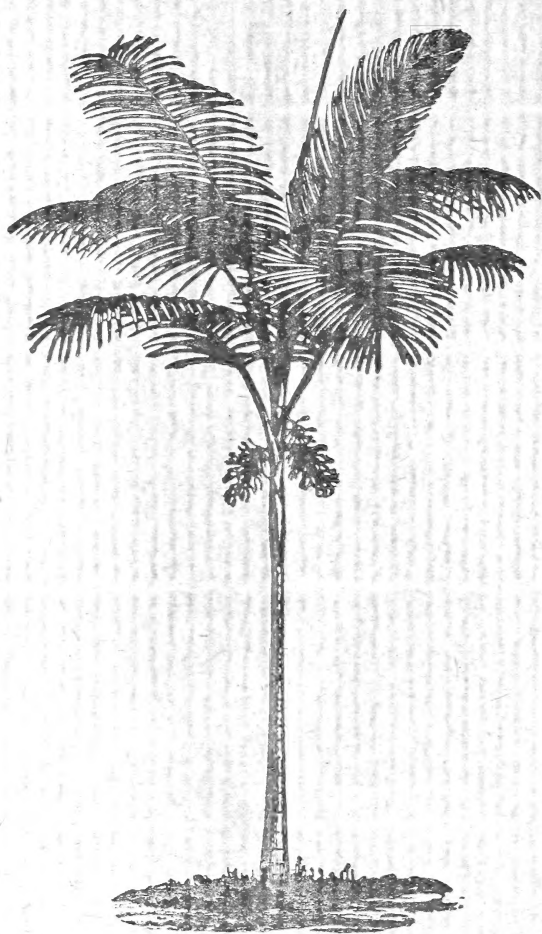

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF VARIEGATED FOLIAGE PLANTS."

SPECIAL PREMIUM—"FOR DAVALLIA MOOREANA."

I have also been Awarded for several years, leading Premiums by the MARYLAND HORTICULTURAL SOCIETY and DISTRICT OF COLUMBIA HORTICULTURAL SOCIETY for Dracenas, Crotons, Foliage Plants, Stove and Greenhouse Plants, Ferns, &c. In Cut Flowers, for Dahlias, Roses, Phloxes, Herbaceous Plants, &c.

At the NATIONAL FAIR ASSOCIATION, WASHINGTON, D. C., I have also been Awarded the leading Premiums.

SEAFORTHIA ELEGANS.

This is a most graceful Palm, eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth; a grand decorative plant.

Price per Plant, 50 cts., \$1.00 to \$3.50.
